## DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 8th June 1935.

### Monthly Weather and Crop Report of Bengal for May 1935.

I. *Character of the season.*—During the month under review the rainfall was generally below the normal throughout the Presidency, except in Dinajpur, Jalpaiguri, Rangpur and Cooch Behar State, where it was above the average. The usual rainfall statement is appended.

II. *Progress of agricultural operations.*—During the first part of the month rain was badly needed for the cultivation of paddy and jute in West and parts of North Bengal, but the rainfall during the latter part facilitated operations. In East Bengal cultivation was almost completed.

III. *State of standing crops.*—The condition of standing crops was generally fair, except in parts of West and North Bengal, where more rain was needed to help their growth.

IV. *Prospects and probable outturn.*—The prospects of standing crops were reported to be generally fair.

V. *Damage to standing crops.*—Some damage to standing crops by excessive heat and insect-pests was reported from 24-Parganas and Faridpur, respectively.

VI. *Condition of agricultural stock.*—The condition of live-stock was, on the whole, fair. Sporadic cases of cattle disease were however reported from fourteen districts of the province and from the Cooch Behar and Tripura States.

VII. *Failure of pasturage and fodder.*—Insufficiency of fodder was reported from parts of Nadia, Murshidabad, Bankura and Chittagong.

VIII. *Prices of food grains.*—During the second fortnight of the month the retail prices of common rice of the cheapest quality rose in eleven districts, fell in two and remained stationary in the rest of the Presidency. The prices ranged from 10 seers per rupee at Murshidabad and Darjeeling to 15 seers per rupee at the Chittagong Hill Tracts.

IX. *The condition of agricultural population.*—The condition of agricultural population was on the whole fair, except in parts of Murshidabad, Birbhum and Bankura, where distress continues.

K. McLEAN,
*Director of Agriculture, Bengal (offg.).*

## DISTRICT REPORTS ON WEATHER AND CROPS.

**For the week ending on the 5th June 1935.**

**Summary.**—During the week the rainfall was generally moderate to heavy excepting in some West Bengal districts where there was no rain. It has facilitated the sowing of autumn crops in North Bengal but the operation is being delayed in West Bengal for want of sufficient rain; weeding continues in places. Prospects of standing crops have improved by the recent rainfall to some extent. During the week ending Saturday, the 1st June 1935, 3,942 persons attended different relief centres and 826 persons received gratuitous relief in the distressed areas of Murshidabad. In Birbhum and Bankura, 6,350 and 1,537 persons, respectively, were employed on test relief works on Saturday, the 1st June, 1935. 13 persons also received gratuitous relief at Gangajalghati Circle in Bankura. The average price of common rice for the province has risen by about 2·16 per cent. as compared with that of the previous week.

17. *Cattle troughs.*—No person shall use for any other purpose any drinking trough which has been reserved by the Commissioners for watering cattle.

**Murshidabad.**—No. 3352M.—6th June 1935.—The following draft of by-laws, which has been framed by the Commissioners of the Berhampore Municipality, in the district of Murshidabad, under section 328 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and which the Government of Bengal (Ministry of Local Self-Government) propose to confirm under section 506 of the Act, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 15th September 1935, and any objection or suggestion received by the undersigned through the District Magistrate and the Divisional Commissioner before that date will be duly considered:—

**Draft by-laws.**

*Building by-laws regulating construction of buildings in less advanced municipalities (section 328 of the Bengal Municipal Act, 1932).*

1. *Particulars to accompany application of erecting or re-erecting a masonry building.*—Every person who intends to erect or re-erect a masonry building shall forward to the Chairman an application with a plan and specification of the building and a site-plan of the land on which he proposes to make the erection or re-erection. In the said application he shall give a description of the building and its dimensions, and shall indicate the position of the site, the number assigned to it in the assessment book, its dimensions and such other particulars as may be required by the Commissioners.

2. *Floor of buildings used for manufacture and storage of article for human consumption.*—The floor of every masonry building intended to be used for the manufacture or storage of articles for human consumption, shall be constructed of some impermeable material approved by the Commissioners.

3. *Building over municipal drain.*—A masonry building shall not extend over any municipal drain.

4. *Level of floor.*—The lowest floor of every masonry building erected or re-erected from the ground shall be constructed at such level as will admit of the construction of a drain sufficient for the effectual drainage of the building, and placed at such level as will admit of the drainage being led into an existing or projected municipal drain.

5. *Foundation.*—Except with the sanction of the Commissioners, the foundation of a masonry building shall rest on natural ground.

6. *Plinth.*—The plinth of a masonry building shall be at least two feet above the level of the centre of the nearest street: provided that the plinth of stables and cow-sheds need not be more than one foot above such level.

7. *Walls in building exceeding one storey in height.*—(*1*) If a masonry building exceeds one storey in height—

(*a*) no part of any wall, other than a cornice or a moulding, shall overhang any part of a wall underneath it; and

(*b*) every wall shall be of such thickness as the Commissioners may consider necessary to ensure safety, regard being had to the height of the building, the materials of which it is constructed and the purpose for which it is intended.

(*2*) Nothing contained in sub-rule (*1*) shall prevent the erection of a second storey upon an existing masonry building, the walls of which are certified by the Commissioners as being able to bear the load proposed to be put upon them.

8. *Interior courtyards and open spaces to be raised.*—Every interior courtyard and every open space shall be raised at least one foot above the level of the centre of the nearest street, so as to admit of easy drainage.

9. *Height.*—No masonry building exceeding fifty feet in height shall be erected without the special permission of the Commissioners.

10. *Site-plan.*—The site-plan sent to the Chairman under rule 1 shall be drawn to a scale of not less than one-fiftieth of an inch to a foot, shall be sent in duplicate and shall show—

(*a*) the boundaries of the site and of any contiguous land belonging to the owner thereof;

(*b*) the position, form and dimensions of privies, urinals, drains, cesspools, stables, cattle-sheds, cow-sheds, wells and other appurtenances of the building;

(*c*) the space which it is proposed to leave about the building to secure the free circulation of air, the admission of light and access for scavengering purposes; and

(*d*) such other particulars as may be required by the Commissioners.

11. *Building-plan.*—The plan of the building (and the elevations and sections, whenever necessary), sent to the Commissioners under rule 1, shall be neatly and accurately drawn to a scale of not less than one-eighth of an inch to a foot, shall be sent in duplicate and shall show—

(*a*) the depth and width of the foundation of the building;

(*b*) the level of the lowest floor of the building; and

(*c*) the level of all courtyards and open spaces in the building or premises and the plinth level of the building with reference to the level of the centre of the nearest street.

12. *Specifications.*—The specifications sent to the Chairman with any such plan shall comprise full information as to the following particulars:—

(*i*) the manner in which roof and house drainage and the surface drainage of the land will be disposed of;

(*ii*) the means of access to service-privies that will be available to scavengers;

(*iii*) the means of ingress and egress if the building is intended to be used as a dwelling house for two or more families or as a place for carrying on any trade or business in which more than 20 people may be employed, or as a place of public resort; and

(*iv*) such other particulars as may be required by the Commissioners.

13. *Signature of plans, elevations and sections.*—The plan, elevation and sections referred to in rules 10 and 11 shall be signed clearly and in a prominent place by the owner of the building, or if he is illiterate, by any other person authorised by him to sign in his behalf, in which case they shall be marked with the owner's thumb-impression.

14. *Chairman to sign approved plans.*—The Chairman shall sign all passed plans in token of the approval of the Commissioners.

15. *Restriction on application of certain rules.*—Rules 1, 10, 11, 12, 13 and 14 shall not be applied in the case of any alteration of, or addition to, a masonry building, unless one or more of the following works is undertaken, namely:—

(*a*) the construction of a roof or an external or party-wall;

(*b*) any repairs to the building which involve the reconstruction of a masonry wall after the same has been entirely or in a great part demolished;

(*c*) the closing of any door or window in an external wall;

(*d*) the construction or removal of an internal wall or partition;

(*e*) any other alteration of the internal arrangements of a building which affects its courtyard or courtyards, or its drainage, ventilation or sanitary arrangements or which affects its security;

(*f*) the addition of any building, room, outhouse or other structure;

(*g*) the roofing of any space adjoining a wall or building; and

(*h*) the alteration of a building for the purpose of effecting a partition.

16. The penalty for the infringement of any of the by-law Nos. 2 to 9 shall be—

(*a*) a fine not exceeding Rs. 50, and

(*b*) in the case of a continuing infringement, a daily fine not exceeding Rs. 5 for each day after written notice of the offence is served by the Commissioners.

**Murshidabad.**—No. 3353M.—6th June 1935.—The following draft of by-laws, which has been framed by the Commissioners of the Berhampore Municipality, in the district of Murshidabad, under section 245 (*a*) and (*b*) of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and which the Government of Bengal (Ministry of Local Self-Government) propose to confirm under section 506 of the Act, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 15th September 1935, and any objection or suggestion received by the undersigned through the District Magistrate and the Divisional Commissioner before that date will be duly considered:—

**Murshidabad.** — No. 3354M. — 6th June 1935.—The following draft of by-laws, which has been framed by the Commissioners of the Berhampore Municipality, in the district of Murshidabad, under sections 269 (*d*), (*e*), (*f*) and 277 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and which the Government of Bengal (Ministry of Local Self-Government) propose to confirm under section 506 of the Act, is published for the information of persons likely to be affected thereby.

2 The draft will be taken into consideration on the 15th September 1935, and any objection or suggestion received by the undersigned through the District Magistrate and the Divisional Commissioner before that date will be duly considered:—

**Draft by-laws.**

*By-laws under clauses (d), (e) and (f) of section 269 and under section 277, regarding privies, urinals and drains of water-carriage system.*

1. Every person who desires to connect his privies or urinals with the municipal underground sewerage system, shall apply to the Commissioners for written permission.

2. The application shall be in such form as may be laid down by the Commissioners and shall be accompanied by a plan in triplicate on a scale of not less than sixteen feet to an inch, shewing the whole of the drains and their sizes and gradients, the levels of the ground surface in reference to a datum specified by the Commissioners, and the position of every building, house-gulley, soil pipe, waste pipe, bath, privy or urinal in the premises which it is proposed to connect with the municipal underground sewerage system.

3. The Commissioners may direct the person making the application to make such alterations or amendments in the plan as may seem to them necessary or desirable, and such person shall alter the plan accordingly, and if no such alteration or amendment is made within thirty days the application shall stand rejected.

4. When the plan has been approved, one copy shall be returned to the person making the application, signed by the Chairman and two copies shall be retained in the municipal office.

5. Upon receipt of the approved plan and a written permission to proceed, the owner of the premises may authorise a builder or surveyor licensed under this Act to execute the work, under these by-laws except such portion as lies within a public highway:

Provided that if the work is not commenced within three months from the date of the permission, such permission shall be deemed to be cancelled.

6. No person shall commence to execute any work under these by-laws before obtaining a written permission from the Commissioners to proceed with the work.

7. Every person who applies for a connection of his privy or urinal with the municipal underground sewerage system, shall deposit with his application a fee for Rs.....for each such connection. If the Commissioners do not grant permission for the connection to be made within six months from the date of application the fee deposited shall be refunded.

8. On completion of the work under these by-laws the owner or occupier of the premises shall give notice of completion to the officer authorised by the Commissioners in this behalf When that officer has certified that the whole of the work has been done satisfactorily and in accordance with these by-laws, the connection with the municipal underground sewerage system will be made by the Commissioners.

9. No person other than a builder or surveyor licensed under this Act shall execute any work in connection with the construction of a connected privy or connected urinal and its connection with the municipal underground sewerage system.

*Note*:—A list of builders and surveyors licensed under this Act shall be maintained at the municipal office which shall be open to inspection at any time during regular office hours.

10. The materials used in the construction of any work executed under these by-laws shall be of such quality and description as may be laid down by the Commissioners in a

standard specification to be drawn up by them, a copy of which shall be available for consultation to any person applying therefor. The Commissioners may from time to time alter this specification:

Provided that such alteration shall not apply to any work commenced before the date on which the alteration is made.

*General provisions as to drains.*

10A. The provisions of these by-laws except by-laws 7 shall, so far as possible, apply to the construction and connection of a drain of a building or land with a municipal drain or underground sewerage system.

11. The drainage system of premises connected with municipal underground sewerage system shall, so far as is practicable, provide for the diversion of all rain-water and surface-water from the underground sewerage system to the municipal surface-water drains. With this object, the owner of the premises shall construct such intercepting gulley-pits, overflows and separate surface-water drains, as he may be called upon by the Commissioners to make a condition precedent to the grant of permission to connect the privies or urinals thereon with municipal underground sewerage system.

12. Any inlet to any drain connected with the municipal underground sewerage system, must be at least one foot above the highest known flood level, at such inlet.

13. No person shall discharge into any drain or overflow channel constructed for the purpose of discharging surface-water only any offensive matter, sewerage or rubbish so as to cause a nuisance or danger to health.

*Pipe drains from premises.*

14. All stoneware pipes shall be of a quality equal to the British Standard Specification, and shall be properly laid in straight lines vertically and horizontally and joined with tarred gasket and cement in conformity with the specification laid down by the Commissioners under by-law 10. Every change in direction shall be formed by properly curved pipes or channels. Such changes of direction shall, unless otherwise specially permitted by the Commissioners, be made in inspection pits.

15. All stoneware pipes shall be (*i*) laid upon a bed of good concrete as per specification of such width as may be approved by the Commissioners, and not less than six inches thick, and (*ii*) shall be covered for half its depth with concrete not less than four inches thick.

16. Except when otherwise specially permitted by the Commissioners in writing, the minimum fall of a pipe drain shall be as follows:—

| | |
|---|---|
| Drains of four inches diameter | .. 1 in 40 |
| „ „ six inches diameter | .. 1 in 80 |
| „ „ nine inches diameter | .. 1 in 150 |

17. All pipe drains shall be of adequate size and in no case shall any pipe drain have a diameter of less than four inches nor more than such a size as may be specified by the Commissioners.

18. Cast-iron pipes used as drain pipes shall be properly jointed with lead and yarn and caulked to the satisfaction of the Commissioners or any person authorised by them in this behalf.

19. Whenever necessary for protection of adjoining property, all excavation for the execution of any work under these by-laws shall be properly timbered.

20. Every pipe drain shall be water-tight and shall be tested by the Commissioners or any person authorised by them in this behalf by water test. The water test shall be made to a pressure of four feet above the highest point of the drain. No pipe drain shall be used until the Commissioners or any person authorised by them in this behalf shall have certified in writing that it has passed this test.

21. Every pipe drain shall be ventilated by carrying up a vertical pipe or shaft from the upper end of the pipe drain, and such pipe or shaft to be not less than four inches in diameter and shall be fixed in such a manner as effectually to prevent any escape of foul air from such pipe into any premises in the vicinity thereof, and in no case to a height of less than ten feet.

22. Every inlet to the pipe drains not being a ventilating inlet specifically provided for that purpose shall be trapped by an efficient trap so constructed as to give a water-seal of not less than two inches.

23. All gulleys, traps, gratings, covers or other appliances shall be of patterns, sizes and qualities in accordance with patterns approved by the Commissioners and kept in the municipal office.

24. No drain shall be laid under any building except when no other form of construction is possible. If a drain is laid under a building it shall be laid in a straight line throughout and so as to leave between the top of the drain at its highest point and the surface of the ground beneath the building, a distance of not less than the full diameter of the drain, and shall be constructed either of cast-iron pipes with socket and spigot joints, or else with stoneware pipes completely surrounded with cement concrete at least six inches thick all round.

Adequate means of access shall be provided at each end of such portion of the drain as is beneath the building.

25. Any pipe drain passing under a wall, shall be protected at the part through the wall by an arch, reinforced concrete slab, or iron support so as, in the opinion of the Commissioners or any person authorised by them in this behalf, to be of sufficient strength to prevent any disturbance of the pipe drain caused by pressure or settlement of the wall.

26. Whenever specially required by the Commissioners, a suitable trap shall be placed in a drain at a point as near as may be practicable to the junction of the drain with the municipal underground sewerage system.

*Open Drains.*

27. (1) Every open drain constructed after these by-laws come into force or provided for a new building, for the purpose of discharging surface or sullage water, shall be constructed of brick, masonry or concrete covered with a plaster not less than half an inch in thickness and containing not less than 33 per cent. of Portland cement or any other cement approved by the Commissioners, or of natural or artificial stone or of glazed half-round pipes, and shall be of such pattern and size, and laid in such a gradient as may be specified by the Commissioners.

(2) Whenever an open drain is connected with a pipe drain a trap shall be constructed at the end of the open drain immediately above the connection.

Such connection shall be covered by a grating of cast-iron or other suitable material.

(3) Whenever an open drain is connected with a municipal open drain, such connection shall be made with a proper sweeping curve to the outfall, as may be approved by the Commissioners.

*Maintenance.*

28. The owner or occupier of any premises, a privy, urinal or drain of which is connected with the municipal underground sewerage system, shall at all times maintain in a proper state of repairs and in a sanitary condition all pipe drains, open drains, traps and fittings, appliances and apparatus connected with the drainage of the premises.

29. The owner or occupier of any such premises shall give every reasonable facility to the Commissioners or any person authorised by the Commissioners in this behalf to inspect the drains, privies, urinals, sinks, bath rooms or other buildings or apparatus connected therewith.

*Closed cess-pools or household septic tanks and soak pits.*

30. When any person intends to instal a privy or urinal on the water-carriage system, and there is no municipal underground sewerage system with which it may be connected, he may instal such privy or urinal on the condition that he provides a covered septic tank, and a soak pit or a disposal gallery in conformity with the provisions of by-law 36.

31. A covered septic tank shall be constructed in accordance with the type design to be kept at the municipal office, together with means for disposal of the effluent from the septic tank.

32. The septic tank shall be constructed of watertight masonry, concrete, or earthenware, and shall have a capacity of not less than two cubic feet per user, the number of users being taken as the maximum number of persons who will ordinarily use the privy or urinal connected to the septic tank.

33. The means for disposal of the effluent of the septic tank shall consist of either—

(*a*) a covered soak pit or well, the bottom of which shall be carried down to a porous sandy stratum,—in any case to a depth of not less than two feet below the lowest subsoil water level. Soak pits may be lined or unlined, depending on the nature of the upper strata. An unlined soak pit shall be between eighteen inches and two feet in diameter, and the quantity of liquid run into it shall not be more than one hundred gallons per day. A lined soak pit or well shall have a horizontal cross sectional area of not less than one square foot for every twenty-five gallons of water discharged into it daily; or

(*b*) a disposal gallery, which shall consist of pipes of not less than four inches diameter, laid open jointed in a bed of broken stone or brick at a depth of about fifteen inches below ground, and a gradient of not less than two inches per one hundred feet. The length of gallery shall be not less than a figure calculated at the rate of five feet per user when laid in porous sandy subsoil. The gallery may be in one lines, or in parallel lines the distance between which is not less than six feet. When laid in heavy subsoil, the length of gallery shall be calculated at ten feet per user, and it shall be laid in two or three separate lengths fed from a junction manhole so arranged that one or more lengths can be cut off for rest.

Soak pits and disposal galleries shall be constructed in accordance with the type plans to be kept at the municipal office.

34. The sewers connecting from the privies or urinals to the septic tanks shall be constructed of such materials and in such manner as is laid down in by-laws Nos. 14 to 26.

35. The minimum quantity of water which shall be provided for the flushing of the water-closets and urinals is five gallons per user per day.

36. No septic tank, soak pit, or disposal gallery shall be constructed in ground which is liable to flood in the rainy season, and no soak pit or gallery shall be constructed within one hundred feet (horizontal distance) from any common well or tube well which is used as a source of drinking water-supply. The general level of the pipes of a disposal gallery shall not be lower than that of the subsoil water level in the rainy season.

**Murshidabad.** No. 3355M. — 6th June 1935.—The following draft of by-laws, which has been framed by the Commissioners of the Berhampore Municipality, in the district of Murshidabad, under sections 269 (*b*), (*c*) and (*f*) and 277 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and which the Government of Bengal (Ministry of Local Self-Government) propose to confirm under section 506 of the Act, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 15th September 1935, and any objection or suggestion received by the undersigned through the District Magistrate and the Divisional Commissioner before that date will be duly considered :—

**Draft by-laws.**

*By-laws under clauses (b), (c) and (f) of section 269, regarding privies and urinals of hand removal system.*

1. *Plans of privies and urinals to be submitted to Commissioners.*—(1) Every person who intends to construct any service-privy or service-urinal or to make any substantial additions to, or alterations in, any such privy or urinal, shall send to the Commissioners an application in such form (to be supplied to the applicant free of charge) as may be laid down by the Commissioners.

2. Such application shall be accompanied by—

(*a*) a site-plan, in triplicate unless the Commissioners otherwise direct, drawn to a scale of not less than twenty feet to the inch and showing all surroundings to a distance of fifty feet from the privy or urinal, and

(*b*) a detailed plan in triplicate of the privy or urinal with sections and cross-sections, drawn to a scale of four feet to the inch and showing the means of ventilation and any other particulars which may be required by the Commissioners.

2. *Power to Commissioners to refuse to sanction service-privy or service-urinal which will be nuisance.*—The Commissioners may, for reasons to be recorded by them in writing and furnished to the applicant free of charge, refuse to grant permission to erect any service-privy or service-urinal which will, in their opinion, be a nuisance.

3. *Regulation of site of service-privies and service-urinals.*—(1) No service-privy or service-urinal exceeding eleven feet in height shall be placed in the space required by this Act to be left at the back of a building.

(2) No service-privy or service-urinal situated in, or adjacent to, a building shall be placed at a distance of less than six feet from—

(*i*) any public building, or

(*ii*) any building which is, or is likely to be, used as a dwelling-place, or kitchen, or as a place in which any person is, or is intended to be, employed in any manufacture, trade or business.

(3) No service-privy or service-urinal shall be constructed in any premises occupied by a masonry building, or without the special sanction of the Commissioners, in any other premises which are situated in a street which has been sewered and has an adequate water-supply.

(4) Every service-privy and service-urinal shall be detached from the inhabited portion of any building.

4. *Prohibition of construction of service-privy or service-urinal on upper floor of a building.*—No service-privy or service-urinal shall be placed on any upper floor of a building.

5. *Models and type-plans.*—Models and type-plans of service-privies and urinals approved by the Commissioners, with estimates of the cost of constructing service-privies and urinals in accordance therewith, shall be kept in the Municipal Office, and shall be open to inspection by any person at all reasonable times without charge; but no person shall be bound to construct any service-privy or urinal in accordance with any such model or type-plan if such privy or urinal be constructed in accordance with these by-laws.

6. *Drains.*—(1) A drain shall be provided for every service-privy or service-urinal.

(2) Such drain shall be constructed of some impervious material, and shall connect the floor of the privy or urinal—

(*a*) with a drain communicating with a municipal sewer, or

(*b*) if permitted by the Commissioners, with,—

(*i*) an impervious cesspool the contents of which can be removed by hand or by vacuum gulley pit emptying machine, or,

(*ii*) a souk pit, as described in by-law No. 33 (*a*) of the model by-laws regarding privies, urinals and drains of water-carriage system, or

(*iii*) a municipal drain.

7. *Floor.*—The floor of every service-privy and every service-urinal shall—

(1) be made of cement or other impervious material, or if the owner so desires, of glazed tiles, artificial stone, or glazed sanitary ware;

(2) be in every part at a height of not less than six inches above the level of the surface of the ground adjoining the privy or urinal, and

(3) be made with a fall or inclination of at least half an inch to the foot towards the drain specified in by-law 6.

8. *Walls.*—The walls and roof of every service-privy, and the walls and roof (if any) of every service-urinal, shall be made of such materials as may be approved by the Commissioners. Provided that the entire surface of the walls of a privy below the platform shall be surfaced with cement, or other materials as specified in by-law 7 (*l*).

9. *Platform.*—(1) The platform of every service-privy or service-urinal shall either be plastered with cement or be made of some water-tight non-absorbent material as specified in by-law 7 (*l*).

(2) In the case of service-privies or urinals with an outlet drain constructed in accordance with by law 6 (2) (*b*) (*iii*), the platform must be sloped towards the aperture with an inclination of at least half an inch to the foot. In all other cases detailed in by-law 6 (2), the platform may, if so directed by the Commissioners, be sloped away from the aperture towards a drain communicating with a municipal drain or a drain connected with a municipal sewer.

10. *Ventilation.*—Every service-privy and every service-urinal situated in, or adjacent to, a building shall have an opening, of not less than three square feet in area, in one of the walls of the privy or urinal, as near the top of the wall as may be practicable and communicating directly with the open air.

11. *Construction of privies.*—(1) Every service-privy and service-urinal shall be provided with a movable receptacle for sewage.

(2) The following provisions shall have effect with regard to such privies, urinals and receptacles, namely:—

(*a*) the space beneath the platform of the privy or urinal shall be of such dimensions as to admit of a movable receptacle for sewage, of a capacity not exceeding two cubic feet, being placed and fitted beneath the platform in such manner and position as will effectually prevent the deposit, otherwise than in such receptacle, of any sewage falling or thrown through the aperture in the platform;

(*b*) the privy or urinal shall be so constructed as to afford adequate access to the said space for the purposes of cleansing it and of placing therein, and removing therefrom, a proper receptacle for sewage;

(*c*) the said receptacle shall be water-tight, and shall be made of metal, well-tarred earthenware or glazed stoneware, and shall be of such construction and shape as the Chairman may consider suitable;

(*d*) the door of the opening for the insertion and removal of the said receptacle shall be so made as completely to cover the said opening.

**Murshidabad.** — No. 3356M. — 6th June 1935.—The following draft of by-laws, which has been framed by the Commissioners of the Berhampore Municipality, in the district of Murshidabad, under section 417 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and which the Government of Bengal (Ministry of Local Self-Government) propose to confirm under section 506 of the Act, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 15th September 1935, and any objection or suggestion received by the undersigned through the District Magistrate and the Divisional Commissioner before that date will be duly considered:—

**Draft by-laws.**

*By-laws regarding standardization of weights and measures (section 417 of the Bengal Municipal Act, 1932).*

1. In these by-laws the word "vendor" includes a shop-keeper, stall-holder, squatter or other salesman in any market or in any other place within the municipality.

2. All vendors within the municipality shall use—

(*i*) Government standard weights, that is to say, a *maund* consisting of forty *seers*, a *seer* consisting of eighty *tolas* and a *tola* consisting of one hundred and eighty *grains;* and

(*ii*) a standard cubit consisting of eighteen inches for the measure of commodities other than land.

3. The Commissioners shall require the superintendents of the municipal markets or any other officers duly authorised by them in that behalf, and may require the owner, manager or other person in charge of a private market to keep in their custody standards of weights and measures conforming with the standard prescribed in by-law 2 for the purpose of verifying the weights and measures used by any vendor for the sale of articles in any market or in any other place. Such superintendents or other officers duly authorized by the Commissioners shall keep in their custody a die for the purpose of stamping weights and measures, which have been duly verified in the manner provided in by-law 4.

4. The superintendent of a municipal market or any other officer duly authorized by the Commissioners in that behalf, shall, not less than once in every three months, test and verify the weights and measures used by each vendor in every market or other place by comparison with the aforesaid standards and shall also similarly test and verify every weight or measure that may be brought to him by any person at his office for the purpose of verification; and if, in either case, he finds the same to be correct, shall stamp it with the die mentioned in by-law 3 by way of verification on payment of such fee, *not exceeding annas four* in each case as the Commissioners may from time to time direct:

Provided that weights and measures once stamped shall not be stamped with the die a second time unless the stamp has become faint or obliterated.

**Murshidabad.** — No. 3358M. — 6th June 1935.—The following draft of by-laws, which has been framed by the Commissioners of the Berhampore Municipality, in the district of Murshidabad, under section 392 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and which the Government of Bengal (Ministry of Local Self-Government) propose to confirm under section 506 of the Act, is published for the information of persons likely to be affected thereby.

2 The draft will be taken into consideration on the 16th September 1935, and any objection or suggestion received by the undersigned through the District Magistrate and the Divisional Commissioner before that date will be duly considered:—

**Draft by-laws.**

*By-laws under section 392 of the Bengal Municipal Act, 1932, for control, etc., of dangerous diseases (Cholera, Smallpox, Plague, Diphtheria, Cerebro-spinal meningitis, etc.).*

1 *General.*—In these by-laws "patient" means a person suffering from or suspected to be suffering from any dangerous disease or likely to suffer from any such disease owing to exposure to infection or contagion.

2. On the outbreak of any dangerous disease in any building other than a public hospital the person referred to in section 377 of the Bengal Municipal Act, 1932, shall, within 12 hours after he becomes cognizant of the existence of the disease, give information respecting the existence of such disease, together with a brief history, the cause so far as it can be ascertained, the duration and the number of persons affected thereby, either personally or in writing, to the Health Officer or Sanitary Inspector or any other officer appointed by the Commissioners in this behalf.

Fine, Rs. 50.

3. If any—

(*a*) mill,

(*b*) factory,

(*c*) workshop,

(*d*) tea-garden, or

(*e*) other place,

where more than 50 persons are employed is situated—

(*i*) within the municipality, the owner, occupier or person in charge of such mill, factory, workshop, tea-garden or other place;

(*ii*) within 2 miles of the limits of the municipality, and the office of business of such mill, factory, workshop, tea-garden or other place is situated within the municipality,

the person in charge of such office shall, on the occurrence of a dangerous disease in such mill, factory, workshop, tea-garden or other place, notify such occurrence to the Health Officer, Sanitary Inspector or any other officer appointed by the Commissioners in this behalf in the manner and within the time specified in by-law 2.

Fine, Rs. 50.

4. On the occurrence of a dangerous disease in a family, the guardian or one of the parents of any school-going children in such family shall, as soon as he becomes cognizant of the existence of the disease, notify the fact to the head of the institution concerned as well as to the Health Officer, Sanitary Inspector or any other officer appointed by the Municipal Commissioners in this behalf in the manner and within the time specified in by-law 2.

Fine, Rs. 50.

5. On receipt of the report of the outbreak of any dangerous disease in the family of any scholar, the head of the institution shall grant quarantine leave to the scholar concerned and shall not allow him to rejoin the school unless and until such scholar produces a certificate from the Health Officer or a registered medical practitioner to the effect that he is free from infection.

Fine, Rs. 50.

6. On the outbreak of any dangerous disease the Commissioners shall—

(*i*) give public notice of the places or buildings affected and take such other steps under section 376, as they deem necessary for the prevention of the spread of the disease;

(*ii*) depute the Health Officer or any other officer appointed by them in this behalf to investigate into the causes of the outbreak in such manner as they deem suitable:

Provided that no officer shall enter any building for such investigation between sunset and sunrise and all such investigations shall be conducted with due regard to the social and religious customs of the family affected.

7. *Isolation and segregation.*—When in the opinion of the Health Officer or of a Sanitary Inspector or of any registered medical practitioner specifically consulted by the Commissioners in this behalf, the isolation of a patient is a precaution necessary for the prevention of infection or contagion to the neighbouring population, the Commissioners shall order the patient to observe isolation and may direct the nearest relative in attendance on the patient, or the occupier of the building in which the patient is staying to arrange for the isolation of the patient in such manner and for such a period as may be approved by the Health Officer, Sanitary Inspector or the registered medical practitioner:

Provided that Commissioners shall not direct the patient to be removed from the building unless, in the opinion of the Health Officer or Sanitary Inspector or the registered medical practitioner, it is impossible to make proper arrangements for his isolation therein.

Fine, Rs. 50.

8. When under the provisions of section 378, the Commissioners have decided that the isolation of a patient in a hospital or a temporary treatment camp erected for the purpose, is necessary for the prevention or control of the spread of infection, they shall serve a notice in writing to that effect on the nearest relative in attendance on the patient or the occupier of the building in which the patient is staying, specifying the time of removal and have the patient removed to a hospital or treatment camp in such manner as may be directed by the Health Officer or a registered medical practitioner selected by the Commissioners for the purpose.

9. Persons suffering from small-pox shall be segregated for six weeks from the date of appearance of the eruptions on the skin and in the case of Cholera, Plague, Diphtheria, Cerebro-spinal Meningitis and any other disease declared to be a dangerous disease by notification under section 3 (*a*) (*b*) until the Health Officer or any registered medical practitioner certifies the patient to be free from infection.

10. No person shall enter any place wherein a patient is isolated without the permission of the Health Officer or a registered medical practitioner.

Fine, Rs. 50.

11. *Miscellaneous.*—The Commissioners may order that any person who has, in their opinion or in the opinion of the Health Officer, Sanitary Inspector or any registered medical practitioner, been exposed to infection from any dangerous disease shall take such drugs in such quantities as may be specified by the Health Officer or any registered medical practitioner, or shall submit himself to such vaccination or inoculation, at such time and place, as may be specified in the order.

Fine, Rs. 50

12. No person shall, without the writing permission of the Health Officer or Sanitary Inspector or any other officer appointed by the Commissioners in this behalf, dispose of the corpse of a person who has died of a dangerous disease except by burning or burial and the dead body shall be removed for this purpose within 12 hours after death.

Fine, Rs. 50.

13. Any person burning or causing to be burnt corpse of a person who has died of a dangerous disease shall cause every part of it to be completely reduced to ashes, and shall likewise cause the cloths or other articles, brought with such corpse to be reduced to ashes.

Fine, Rs. 50.

14. No person shall bury or cause to be buried any corpse, which is likely to spread any dangerous disease, in a non-masonry grave, of less than 6 feet deep.

Fine, Rs. 50.

15. The corpse of a person who has died of a dangerous disease shall not be removed to any place other than a burning or burial ground or any other place appointed by the Commissioners for this purpose for its disposal.

Fine, Rs. 50.

16. If in the opinion of the Health Officer or Sanitary Inspector or any other person authorized by the Commissioners in that behalf, the corpse of a person who has died of a dangerous disease is likely to spread infection during removal to the burning or burial ground, the said Health Officer, Sanitary Inspector or person shall direct the relatives or attendants of the dead person to adopt special measures while removing the corpse for disposal.

17. No person shall carry to the burning or burial ground a corpse of a person who has died of a dangerous disease and for the removal of which special measures have been directed to be adopted without adopting such measures.

Fine, Rs. 50.

18. If the relatives or attendants of a person who has died of a dangerous disease are unable to adopt the measures referred to in by-law No. 16 for the removal of the corpse, the Health Officer or Sanitary Inspector or other person referred to in that by-law shall himself arrange for the removal of the corpse in the manner directed by him and realize the cost from the relatives or attendants of the dead person:

Provided that in the case of the dead body of a pauper or if the relatives of the dead are too poor to pay, the cost shall be met from the Municipal Fund.

19. The Health Officer, Sanitary Inspector or any other person authorized by the Commissioners in this behalf may, by a notice in writing, require any person to carry out or to allow to be carried out by such agency and within such time as may be specified in the notice, such measures for the disinfection or evacuation of any premises exposed to infection or contagion from a dangerous disease in the occupation of such person or for the disinfection or destruction of any of the personal effects of a patient as the said Health Officer, Sanitary Inspector or person may consider necessary.

Fine, Rs. 50.

20. The Health Officer, Sanitary Inspector or any person authorized by the Commissioners in this behalf may, by a notice in writing, require the removal under such precautions and within such period as may be specified in the notice of articles from a building, where a dangerous disease has broken out, to a place for washing and disinfection provided by the Commissioners.

Fine, Rs. 50.

21. Where a public disinfecting station or a place for disinfection or washing of infected articles has not been provided by the Commissioners, clothes used by persons suffering from a dangerous disease other than those which can be burnt shall be stored in a separate room. Such clothes shall not be sent to a *dhobi* or washerman to be washed nor shall they be washed in any source of water-supply, before they have been disinfected to the satisfaction of the Health Officer or Sanitary Inspector.

Fine, Rs. 50.

22. A *dhobi* or washerman shall not knowingly take clothes from a house where any person is suffering from a dangerous disease. He shall cease from carrying on his profession on the occurrence of any dangerous disease in the building occupied by him and shall not resume his profession till the building has been declared free from infection by the Health Officer, Sanitary Inspector or any other person appointed by the Commissioners in this behalf.

Fine, Rs. 50.

23. On the occurrence of a dangerous disease in the building occupied by a *dhobi*, he shall keep with him all the clothes previously sent to him for washing till the written permission of the Health Officer, Sanitary Inspector or any other person appointed by the Commissioners in this behalf has been obtained for returning them to the owners after being disinfected.

Fine, Rs. 50.

24. A dealer in food-stuffs, clothing or other articles shall cease from carrying on his occupation on the occurrence of any dangerous disease in the building occupied by him and shall not resume his occupation until he is permitted to do so by the Health Officer, Sanitary Inspector or any other person authorised by the Commissioners in this behalf.

Fine, Rs. 50.

25. When the Commissioners are satisfied that the condition of any privy, urinal, drain, sewer or cesspool is such as to cause the risk of an outbreak of any dangerous disease to the inhabitants of the neighbourhood, they may direct the occupier of the land or building on which such privy, urinal, drain, sewer or cesspool is situated to disinfect or to allow an officer of the Commissioners to disinfect the same with such disinfectants in such quantities and at such times as may be specified by them.

Fine, Rs. 25.

*By-laws for the prevention of the spread of plague and the destruction of rodents, etc.*

1. *Rat-proof bins or receptacles.*—When required by the Commissioners to do so for the prevention of the outbreak or spread of plague, every owner or occupier of a building shall provide therein a rat-proof bin or receptacle for the temporary deposit of food residue, cups, plates and other utensils prior to washing.

2. *Rat-proof dust bins.*—The Commissioners may provide rat-proof dust bins for the depositing of sewage, rubbish and offensive matter.

3. *Notification of rat mortality.*—Whenever the Commissioners apprehend any outbreak of plague they may require by beat of drums prompt notification of cases of mortality among rats in any building or on any land; whereupon the owner or occupier of such building or land shall forthwith give information of any such occurrence to the Health Officer or the Commissioners either personally or in writing.

4. *Rat destruction.*—Whenever the Commissioners at a meeting shall decide on the destruction of rats as a measure to prevent the outbreak or spread of plague within the municipality, it shall be lawful for the Commissioners to make necessary arrangements, for such destruction by smoking rat holes and by placing rat traps and rat poison baits in any building, or land consistently with the safety of the building and its occupants.

5. *Disposal of dead rats.*—When required by the Commissioners to do so for the prevention of any outbreak or spread of plague, the owner or occupier of every building or land in which a dead rat is found shall forthwith place it in kerosine oil, until its disposal by burning can be arranged.

6. *Disinfection.*—When required by the Commissioners to do so for the prevention of the outbreak or spread of plague, the owner or occupier of a building shall arrange for the cleaning and disinfection, at such intervals as may be fixed by the Commissioners, of the floor and walls (up to a height of three feet from the floor or plinth) of the building with kerosine oil emulsion prepared by boiling half a pound of hard soap in half a gallon of water, to which four gallons of kerosene oil have been subsequently mixed.

7. *Disinfection.*—The owner or occupier of a building in which a case of plague has occurred shall arrange for the immediate disinfection of the sputum of the patient and discharges from buboes of such patient with Lysol, Cyllin or Hycol lotion in strength of one teaspoonful to a pint of water or in any other active germicidal solution.

8. *Disinfection of room of pneumonic plague cases.*—The Commissioners may arrange for the disinfection of the room in which a case of pneumonic plague has occurred with formalin, gas or with other suitable disinfectants.

9. *Arrangement for immunisation.*—The Commissioners may by beat of drum announce the arrangements made for anti-plague inoculation; whereupon every person shall be bound to get himself inoculated; provided that no person shall be bound to take inoculation who owing to constitutional disability or on medical grounds is certified by a registered medical practitioner to be unfit for such inoculation.

10. *Penalty.*—Whoever commits a breach of any of the by-laws 1, 3, 4, 5, 6, 7, 8 and 9 shall be punishable with a fine which may extend to Rs. 50.

*By-laws for the prevention of rabies in men and animals.*

1. The Commissioners may require by beat of drum that all dogs, whenever led or taken out into a public street or a public place shall be properly muzzled with a leather strap or any other similar contrivance.

2. Any person who has in his possession any dog which he knows or has reason to believe to be suffering from rabies or to have been bitten or snapped at by any dog, jackel or any other animal suffering from rabies or suspected to be suffering from rabies shall immediately intimate the fact in writing to the Commissioners and also to the Health Officer.

3. Persons bitten by any dog, jackel or other animal suffering from rabies or suspected to be suffering from rabies shall report the fact to the Commissioners in such details as may be required by the Commissioners.

4. Whoever commits a breach of any of the by-laws shall be punishable with a fine which may extend to Rs. 50.

*By-laws for the control of malaria.*

1. Whenever a campaign for the prevention of malaria has been decided upon by the Commissioners at a meeting, it shall be lawful for the Commissioners to treat all tanks, ponds, wells and water collections periodically with larvacides.

2. The owner of every drain or open cesspool shall, when required by the Commissioners by a notice in writing, treat such drain or cess-pool with proper larvacides as a measure for the destruction of mosquitoes at intervals of not more than 10 days, provided that the necessary materials are supplied by the Commissioners. The Commissioners may themselves arrange for such measure being taken by their own staff.

3. The Commissioners may by notice in writing require the owner of any land to provide subsoil drains in order to improve its sanitary condition provided that there is a suitable outfall for such drains.

4. The owner or occupier of a building shall, when required by the Commissioners by a notice in writing within a period to be specified in such notice, provide mosquito-proof coverings for all cesspools within the premises and shall construct yard gullies communicating with the drains.

5. Every owner or occupier of a building shall, when required by the Commissioners by a notice in writing, cause every cistern and reserve tank for storage of water in his premises [redacted] made mosquito-proof.

With the above end in view every cistern or reserve tank shall conform to the following conditions:-

(*a*) The lid shall be well fitted and of a pattern approved by the Health Officer or the Municipal Engineer or by the Chief Engineer, Public Health Department, and shall be kept closed by strong bolts and nuts or shall be secured by lock and key. The lids should not be opened until required for inspection by an officer authorised by the Commissioners in that behalf or for repair works.

(*b*) The warning pipe or the overflow pipe attached to the cistern or reserve tank shall be protected by a perforated metal cap of a standard pattern approved by the Health Officer or the Municipal Engineer or the Chief Engineer of the Public Health Department.

(*c*) The punch holes in the cisterns or reserve tanks made by the municipal officers shall be either utilised for connecting pipes or properly closed.

(*d*) Water gauges necessitating an aperture in the roof or the sides of the cistern or reserve tank shall be mosquito-proof.

(*e*) The flushing cisterns in urinals and water closets should be of mosquito-proof pattern.

(*f*) If the cistern or tank is not provided with a lid, as an alternative, every opening shall be covered with a mosquito-proof screen consisting of wire-netting of at least sixteen meshes to the inch each way or any other material which will effectively prevent ingress or egress of mosquitoes. In the case of non-provision of mosquito screen all unscreened containers shall be completely emptied every seven days and thoroughly cleaned and dried.

6. No new water connection shall be given to any building until the storage cisterns installed therein have been inspected and certified to be mosquito-proof by the Health Officer or the Municipal Engineer or any other competent person authorized by the Commissioners in this behalf.

7. Every cistern or reserve tank or flush cistern shall be numbered by the Commissioners to facilitate inspection.

8. Every cistern, reserve tank or flush cistern shall be kept in good repair or shall be replaced by new ones when necessary.

9. If any cistern or reserve tank or flush cistern be found on examination by the Health Officer or any other officer appointed by the Commissioners to do such work, to be non-mosquito-proof or otherwise not in conformity with any of the aforesaid conditions he may by written notice require the owner or occupier of the premises—

(*a*) to replace the same, or

(*b*) to make such alteration therein as may be specified in the notice.

10. If any notice issued under by-law 9 is not complied with within seven days from the date of service thereof, the Commissioners may forthwith carry out the work and the costs thereof shall be payable by the person on whom the notice was issued.

11. When the Commissioners or any department of Government have constructed any work with the object of prevention of breeding of mosquitoes, the owner or occupier of the premises on which such works stand shall prevent such premises being used in any manner whatsoever that is likely to cause the deterioration or lessening of the efficiency of such work.

12. Whoever commits a breach of any of the foregoing by-laws, viz., 2, 4, 5, 8, 10 and 11 shall be liable to a fine which may extend to Rs. 50.

13. Any person who without the consent of the Commissioners interferes with, or injures or destroys or renders useless any works executed or any materials or things placed in, under or upon any premises, by or under the authority of the Commissioners referred to in by-laws 1, 2 and 10 shall be liable to a fine which may extend to Rs. 50.

*By-laws for prevention of the spread of disease by flies or other insects.*

1. Every baker or confectioner who keeps for sale any bread, sweetmeats or other prepared articles of food and every vendor or hawker of such articles shall keep the same in a glass-case or almirah provided with wire gauze screen so as to keep away flies or other insects.

2. Every owner or occupier of a meat or fish shop or stall shall, when required by the Commissioners by a notice in writing, make his shop or stall fly-proof with suitable materials.

3. Every owner or occupier of a building shall, when required by the Commissioners by a notice in writing, provide fly-proof receptacles for the collection of rubbish and other offensive matter until these can be deposited in such place as may be provided by the Commissioners for the purpose.

4. Whoever commits a breach of any of the by-laws 1 to 3 shall be liable to a fine which may extend to fifty rupees, and in the case of a continuing offence to an additional fine which may extend to five rupees per diem.

*By-laws regulating rag-flock manufacture and trade in rags and bones.*

1. In these by-laws—"rag-flock" means flock which has been produced wholly or partly by tearing up woven or knitted or felted materials, whether old or new, but does not include flock obtained wholly in the process of scouring and finishing or newly woven or newly knitted or newly felted fabrics.

2. No person shall sell or have in possession for sale any rag-flock manufactured from rags or use for the making of any article of upholstery, cushions or beddings, any such flock unless it conforms to the standard prescribed below and unless such flock has been disinfected to the satisfaction of the Commissioners.

The amount of soluble chlorine (as chlorides) removed by thorough washing with distilled water at a temperature not exceeding 25° centigrade from not less than 40 grammes of a well-mixed sample of rag-flock shall not exceed 30 parts of chlorine in 100,000 parts of the flock.

3. No person shall trade in rags or in second hand clothing or bedding, unless the Health Officer or the Commissioners are satisfied about the cleanliness of such articles and also about the freedom of such articles from infection of any dangerous disease.

4. No person shall trade in bones or products of bones unless such articles have been disinfected before importation or exposure of sale, to the satisfaction of the Health Officer or the Commissioners.

5. Whoever commits a breach of any of the by-laws 2 to 4 shall be punishable with fine which may extend to fifty rupees.

*By-law regarding disposal of refuse or waste matter or other matter or thing contaminated with or exposed to infection or contagion.*

No person shall dispose of any refuse, waste matter or other matter or thing, which has been contaminated with or exposed to infection or contagion, except by burning or burial, after proper disinfection, at a safe distance from sources of water-supply.

Fine, Rs. 50.

**Murshidabad.**—No. 3359M.—6th June 1935.—The following draft of by-laws, which has been framed by the Commissioners of the Berhampore Municipality, in the district of Murshidabad, under section 414 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and which the Government of Bengal (Ministry of Local Self-Government) propose to confirm under section 506 of the Act, is published for the information of persons likely to be affected hereby.

2. The draft will be taken into consideration on the 15th September 1935, and any objection or suggestion received by the undersigned through the District Magistrate and

the Divisional Commissioner before that date will be duly considered:—

**Draft by-laws.**

*By-laws under section 414 of the Bengal Municipal Act, regulating slaughter-houses for the slaughter of animals meant for human consumption.*

1. Animals shall be slaughtered as humanely as possible.

2. No dogs shall be permitted within the slaughter-house.

3. *Hours of work.*—The hours of work fixed by the Commissioners shall be conspicuously printed on a board with the name of the lessee and displayed in a conspicuous place in the slaughter-house.

4. The slaughter-house shall be sufficiently lighted to allow for work after dusk.

5. Trees shall not be permitted to overhang the premises. The slaughter-house may be enclosed by wire-netting to prevent the entrance of birds.

6. No portion of the slaughter-house shall be used for living or sleeping unless it is separated from the place where animals are slaughtered by a substantial wall and contains a window or windows opening directly to the air and of dimensions not less than one-tenth of the superficial area of the floor space.

7. No person suffering from any contagious or infectious disease shall be employed or allowed to enter the slaughter-house.

8. Bones, offal, gut, hoofs, horns and other refuse shall be kept in properly constructed, covered and removable vessels made of non-absorbent material until arrangements can be made to remove them.

9. At the close of every working day every floor or pavement shall be thoroughly washed and all fragments of gut, blood or other matters detached in the process of disembowelling and skinning shall be collected and placed in suitable vessels or receptacles to be forthwith removed with their covers from the slaughter-house for disposal in a manner approved by the Commissioners. Each such vessel shall be constructed of non-absorbent material and shall have a closely fitting cover and shall contain a sufficient quantity of deodorant or disinfectant.

10. At the close of every working day every bench, table, tub, vessel, utensil or implement, which has been in use during the day, shall be thoroughly cleansed with water containing a deodorant or disinfectant.

11. At the close of every working day all filth, blood or refuse which may have been splashed upon any inside portion of the slaughter-house shall be removed by scraping or other effectual means.

12. Every vessel or receptacle when not in use shall be kept thoroughly clean.

13. Within the first ten days of March, June, September and December the interior of the slaughter-house above the floor or pavement shall be thoroughly washed with hot lime-wash if such place has been in use as a slaughter-house since the last occasion on which it was so washed:

Provided that if any part thereof is covered with impervious material, it shall be sufficient to cleanse the same thoroughly with water.

14. The interior of the slaughter-house shall not be allowed, by reason of want of repair to the surface thereof, to facilitate the absorption of any liquid filth or refuse or other noxious or injurious matter.

15. *Inspection of meat.*—The licensee shall permit the meat to be inspected after slaughter by a competent person appointed by the Commissioners in this behalf to find out cyste cercus cellulose, tubercular infection or any other infective or unwholesome condition of the carcass. Carcasses showing signs of tubercular infection or encysted tape worms (cyste cercus cellulose) shall be destroyed.

16. If the Commissioners arrange for the meat to be stamped after inspection by a competent person to indicate the quality of the meat or if they fix prices for different grades of meat to be sold in public markets, the licensee shall permit the meat to be so stamped and shall sell the meat at the prices fixed

17. *Penalty.*—The breach of any of the above by-laws shall render the license of any private slaughter-house liable to suspension.

**Jessore.**—No. 3469L.S.-G.—17th June 1935.—In exercise of the power conferred by section 8 of the Bengal Local Self-Government Act, 1885 (Bengal Act III of 1885), the Government of Bengal (Ministry of Local Self-Government) are pleased to fix the number of members of the Sadar and Narail local boards in the district of Jessore as follows, with effect from their next reconstitution:—

| Local board | Number of members |
|---|---|
| Sadar | 21 |
| Narail ... | 10 |

This cancels so much of notification No. 2293L.S.-G., dated the 26th April 1921, as relates to the fixing of the number of members of the Sadar and Narail local boards in the district of Jessore.

**Birbhum.**—No. 3410L.S.-G. — 8th June 1935.—In exercise of the power conferred by section 5 of the Bengal Village Self-Government Act, 1919 (Bengal Act V of 1919), and after consideration of the views of the Birbhum district board and the Suri local board, the Government of Bengal (Ministry of Local Self-Government) are pleased to direct that each of the following local areas in thanas Suri, Mahammadbazar, Rajnagar, Sainthia, Dubrajpur, Khyrasole, Bolpur, Illambazar, Nanoor and Labpur, in the Sadar subdivision of the Birbhum district shall be declared a union for the purposes of the Act.

2. In exercise of the power conferred by sub-section (*1*) of section 6 of the said Act, the Government of Bengal (Ministry of Local Self-Government) are pleased to establish union boards for each of the unions hereby declared and to fix nine as the number of members of each union board.

3. In exercise of the power conferred by sub-section (*3*) of section 6 of the said Act, the Government of Bengal (Ministry of Local Self-Government) are pleased to direct that one-third of the number of members of each union board shall be appointed by the District Magistrate on the grounds that such appointment is necessary for the due representation of minorities and of different interest within the union.

4. This cancels notification No. 2592-L.S.-G., dated the 23rd May 1921.

## MARINE DEPARTMENT.

### NOTIFICATION.

No. 16Mne. — 13th June 1935. — The following draft by-laws, which, in exercise of the powers conferred by clauses (*b*) and (*c*) of sub-section (*1*) of section 126 of the Calcutta Port Act, 1890 (Bengal Act III of 1890), the Commissioners for the Port of Calcutta propose to make to regulate the importation and shipment of gases and liquids in cylinders under pressure, subject to the confirmation of the local Government, in supersession of the by-laws published under this department notification No. 2Mne., dated the 15th January 1924, are published for the information of persons likely to be affected thereby, as required by sub-section (*4*) of the said section :—

**Draft by-laws.**

Packages consisting of cylinders containing gases and liquids under pressure shall not be discharged from or shipped into vessels at the Docks (including Garden Reach Jetties) and the Calcutta Jetties in the Port of Calcutta except in accordance with the following conditions, namely:—

1. Cylinders shall comply in every respect—

(*a*) in the case of "Permanent" gases, including coal gas, hydrogen and oxygen, either with the recommendations made by the Home Office Committee appointed in 1895, except that they need not be re-annealed or with those made in the first report of the Gas Cylinders Research Committee of the Department of Scientific and Industrial Research, as summarised in the summary of recommendations issued in 1929, and

(*b*) in the case of "Liquefiable" gases, including ammonia, carbon-dioxide, chlorine, ethyl chloride, hydro-cyanic acid, methyl chloride, nitrous oxide, phosgene and sulphur dioxide, either with the recommendations of the Home Office Committee appointed in 1895, except that they need not be re-annealed, or with those made in the fourth report of the Gas Cylinders Research Committee of the Department of Scientific and Industrial Research, the cylinders being filled in accordance with the filling ratios given in the latter report.

When a compressed gas is carried in cylinders, the shippers shall produce a certificate to the effect that the recommendations of the appropriate Committee have been complied with and that the cylinders have been tested within the last two years.

2. Cylinders shall be packed and protected in the following manner:—

| | |
|---|---|
| (*i*) Cylinders of air, atmospheric over 8 feet in length and 10 inches in diameter. | Each cylinder (including the valve) shall be packed in a strong case. |
| Cylinders of air, atmospheric up to 8 feet in length and 10 inches in diameter. | May be accepted naked provided a squared metal shoe or collar is fitted at each end of the cylinder. |
| Coal gas, hydrogen, nitrous oxide and oxygen. | Each cylinder, which is not fitted with a squared metal shoe or collar at each end shall, including the valve, be securely packed in one of the following ways :— |

(*a*) In a cover of continuous wood lagging not less the 3/4 inch thick.

(*b*) In a cover of closely plaited 1 inch (circumference) hemp or coir.

(*c*) In a strong case, except that such case may contain more than one cylinder, provided the cylinders are closely packed within the case and the gross weight of the case and contents does not exceed 2½ cwts.

| | |
|---|---|
| (*ii*) Cylinders of anhydrous ammonia, carbonic acid gas, chlorine, methyl chloride, phosgene, sulphuretted hydrogen and sulphurous acid gas. | May be accepted naked provided the valves are completely recessed in the cylinders or completely protected by screwed metal caps and a squared metal shoe or collar is fitted at each end of the cylinder. |
| | Each cylinder, the valve of which is not completely recessed or capped and which is not fitted with a squared metal shoe or collar at each end, shall, with the valve, be securely packed in one of the ways mentioned above. |

3. All cylinders shall be sufficiently marked so as to be easily identifiable as containing gas or liquid under pressure.

4. Discharge and loading at night will not be permitted.

5. Cylinders may be discharged on to the quay and removed to Transit Sheds, Hazardous Godown or other place set aside for such purpose, if delivery is not effected by the consignee immediately on landing.

6. Cylinders may also be accepted at the Transit Sheds for shipment.

7. Rules 5 and 6 do not apply to cylinders, the gross weight of which is 15 cwts. or over. Such cylinders shall be taken delivery of from the ship's side immediately on landing and, in case of export, shall be shipped immediately on arrival on Dock or Jetty premises.

8. After being landed and until removed or placed in the Hazardous Godown or after being received for shipment all cylinders shall be adequately protected from the sun's rays by a suitable covering.

9. Cylinders containing gases and liquids under pressure shall not be unloaded or stored with inflammable liquids or empties, which have contained inflammable liquids, nor placed near a fire or exposed to other sources of heat.

## Orders by the Registrar of Co-operative Societies, Bengal.

No. 87-L.—12th June 1935.—Whereas I am of opinion, as the result of an enquiry held into the constitution, working and financial condition of the Satghariakandi Joutha Bank (registered No. 92C of 1922), in the subdivision Comilla in the district of Tippera, under sub-section (*1*) of section 35 of the Co-operative Societies Act, II of 1912, that the society ought to be dissolved.

Now, therefore, in exercise of the power conferred by sub-section (*1*) of section 39 of the same Act, I hereby cancel the registration of the said society.

And further, in exercise of the power conferred by sub-section (*1*) of section 42 of the same Act, I hereby appoint the Inspector of Co-operative Societies, Comilla (North), to be liquidator of the said society.

No. 88-L.—12th June 1935.—Whereas I am of opinion, as the result of an enquiry held into the constitution, working and financial condition of the Jarila Co-operative Bank (registered No. 146 of 1920), in the subdivision Serajganj in the district of Pabna, under sub-section (*1*) of section 35 of the Co-operative Societies Act, II of 1912, that the society ought to be dissolved.

Now, therefore, in exercise of the power conferred by sub-section (*1*) of section 39 of the same Act, I hereby cancel the registration of the said society.

And further, in exercise of the power conferred by sub-section (*1*) of section 42 of the same Act, I hereby appoint the Inspector of Co-operative Societies, Serajganj, to be liquidator of the said society.

No. 89-L.—12th June 1935.—Whereas I am of opinion, as the result of an enquiry held into the constitution, working and financial condition of the Dakhin Lalua Co-operative Moslem Samity (registered No. 402 of 1927) in the subdivision Patuakhali in the

district of Bakarganj under sub-section (*1*) of section 35 of the Co-operative Societies Act, II of 1912, that the society ought to be dissolved.

Now, therefore, in exercise of the power conferred by sub-section (*1*) of section 39 of the same Act, I hereby cancel the registration of the said society.

And further, in exercise of the power conferred by sub-section (*1*) of section 42 of the same Act, I hereby appoint the Inspector of Co-operative Societies, Khepupara, to be liquidator of the said society.

No. 90-L.—12th June 1935.—Whereas I am of opinion, as the result of an enquiry held into the constitution, working and financial condition of the Nowpala Samabaya Samity (registered No. 2 of 1924), in the subdivision Uluberia in the district of Howrah, under sub-section (*1*) of section 35 of the Co-operative Societies Act, II of 1912, that the society ought to be dissolved.

### NOTIFICATIONS.

No. 7-I.—6th June 1935.—The following draft rules, which in exercise of the powers conferred by section 6 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council intends to make and fix for determining the tonnage of vessels plying in the Gaighatta Buxi Khals, in continuation of the Revenue Department notification No. 143, dated the 17th April 1894 (published at page 486 of the *Calcutta Gazette* of the 18th idem), are hereby published for the information of persons likely to be affected thereby.

II. The draft will be taken into consideration on or after the 25th July 1935, and any objections or suggestions received before that date will be considered:—

**Draft Rules.**

(*a*) The product of half the length of the vessel along the water line, the breadth of the vessel or the greatest breadth of the cargo, if

it should overhang the side, and the greatest depth from the water line to the bottom of the vessel (inside) is to be taken as the number of maunds on which toll shall be levied.

(*b*) The length shall be taken in feet and half feet. The breadth and depth shall be taken in feet and quarters of a foot.

(*c*) Tolls shall be calculated in multiples of 12½ maunds, any fractions of 12½ maunds being neglected subject to a minimum charge as for 100 maunds.

No. 8-I.—8th June 1935.—Whereas the Governor in Council by an order No. 9517L.R., dated the 24th August 1934, which was published at page 1244, Part I of the *Calcutta Gazette* of the 30th August 1934, notified for general information that the estimate of the probable expenses to be incurred in respect of the repairs, maintenance and works connected therewith of the Hooghly Right Embankment from Uluberia to Champa Khal, 1½ miles in length, in the Uluberia subdivision of the Howrah district, for a period of 15 years, commencing from the 1st April 1932, amounts at the rate of Rs. 2,592 per annum to Rs. 38,880;

And whereas, as required by section 63 of the Bengal Act II of 1882, this estimate was published with a general notice calling on all persons interested to prefer to the Collector of Howrah any objections they might think proper against such amount being fixed as the total sum payable;

And whereas the Collector of Howrah has reported that no objections have been preferred thereto;

The Governor in Council is pleased, under section 63 of the Bengal Act II of 1882, to fix the estimated amount of Rs. 38,880 as the sum payable, during the period of 15 years commencing from the 1st April 1932, by the zamindars of the estates benefited by such repairs, maintenance and works.

No. 9-I.—8th June 1935.—In exercise of the powers conferred by section 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor in Council is pleased to make the following amendments in the revised rules for the Calcutta and Eastern Canals, Tolly's Nala and Sundarbans Steamer Route (published in Bengal Government notification No. 16-I., dated the 14th April 1924, at pages 829-34, Part I, of the *Calcutta Gazette* of the 16th idem), with effect from 1st July 1935:—

**Amendments.**

*Insert* the following new rules as rules 31 and 32 of the said rules:—

*Rule 31.*—No vessel or raft or float, except Government vessels plying in the interests of Government service, shall pass the Kristopur toll station in either direction between 7 p.m. and 6 a.m. Service motor launches, carrying passengers, plying on monthly toll tickets may, however, pass the toll office up to 9 p.m.

*Rule 32.*—In case a service motor launch carrying passengers wishes to pass the Kristopur toll station between 9 p.m. and 6 a.m. a single trip toll will be realised from the same, in addition to any previous toll paid by the launch on a single or monthly ticket.

### NOTIFICATION.

GENERAL.

Simla, the 20th May 1935.

No. F. 16-6/35.—The following draft of certain further amendments to the Indian Pilgrim Ships Rules, 1933, which it is proposed to make in exercise of the powers conferred by sub-section (*1*) of section 213 of the Indian Merchant Shipping Act, 1923 (XXI of 1923), is published as required by sub-section (*3*) of the said section for the information of all persons likely to be affected thereby and notice is hereby given that the said draft will be taken into consideration on or after the 15th July 1935.

Any objection or suggestion which may be received in respect of the draft before the said date will be considered by the Governor General in Council.

*Draft Amendments.*

(*1*) In rule 2 of the said Rules after sub-rule (7), the following sub-rule shall be inserted, namely:—

"7A. 'Person' means a person over the age of one year;".

(*2*) For rules 7 to 63 of the said Rules, the following rules shall be substituted, namely:—

*Boats and appliances for saving life.*

Availability and adequacy of lifeboats and buoyant apparatus.

"7. (1) The lifeboats and buoyant apparatus in every pilgrim ship shall be readily available in case of emergency and shall be adequate.

(2) To ensure that they are readily available, the lifeboats and buoyant apparatus shall comply with the following conditions:—

(*a*) They shall be capable of being put into the water safely and rapidly even under unfavourable conditions of list and trim.

(*b*) It shall be possible to embark the pilgrims in the boats rapidly and in good order.

(*c*) The arrangement of each boat, life-raft and article of buoyant apparatus shall be such that it will not interfere with the operation of other boats, life-rafts and buoyant apparatus.

(3) To ensure that they are adequate, the provision of lifeboats, life-rafts and buoyant apparatus shall be in accordance with the requirements of sub-rule (2) of rule 8.

Davits.

8. (1) (*a*) Every pilgrim ship which is certified to carry more than 12 berthed pilgrims shall be provided, in accordance with her length, with the number of sets of davits specified in column A of the table set out in the second schedule to these rules.

(*b*) Every pilgrim ship which is certified to carry 12 berthed pilgrims or less shall be provided, in accordance with her length, with the number of sets of davits specified in column C of the table set out in the second schedule to these rules:

Provided that, on the application of the owner of a pilgrim ship, where it appears to the Governor General in Council that it is neither practicable nor reasonable to place on a ship which is certified to carry more than 12 berthed pilgrims the number of sets of davits required by column A, he may, subject to such conditions, if any, as he may require, authorise a smaller number of sets of davits, not less than the minimum number fixed by column B of the said table:

Provided further that no pilgrim ship shall be required to have a number of sets of davits greater than the number of lifeboats required to accommodate the total number of persons which the ship carries or is certified to carry, whichever number is the greater.

Lifeboats.

(2) (*a*) A lifeboat of Class 1 shall be attached to each set of davits.

(*b*) Where the lifeboats carried in pursuance of clause (*a*) of this sub-rule do not provide the minimum capacity specified in column D of the table set out in the second schedule to these rules or do not provide sufficient accommodation for the total number of persons which the ship carries or is certified to carry, whichever number is the greater, additional lifeboats of Class 1 or Class 2 shall be provided up to the minimum capacity specified in column D after which additional lifeboats or approved life-rafts or approved buoyant apparatus shall be provided to the satisfaction of the Governor General in Council so that the accommodation provided shall be sufficient for the total number of persons which the ship carries or is certified to carry, whichever number is the greater.

(3) When the number of lifeboats carried in pursuance of this rule is more than 13, one of such lifeboats shall be a motor boat fitted with an approved wireless telegraphy installation and searchlight and, when the number is more than 19, two of such lifeboats shall be motor boats so fitted:

Provided that the Governor General in Council may, on the application of the owner and on such conditions as he may think fit, exempt any pilgrim ship from the provisions of this sub-rule.

(4) Any of the other lifeboats except such as the Governor General in Council may require to be carried as emergency boats may be motor boats, but these additional motor boats need not be fitted with wireless telegraphy installations or searchlights.

Lifebuoys.

(5) Every pilgrim ship shall carry at least the number of approved lifebuoys determined in accordance with the following table:—

| Length of ship. | Minimum number of lifebuoys. |
|---|---|
| Under 200 feet .. .. | 6 of which 2 shall be provided with approved self-igniting lights. |
| Not under 200 feet but under 300 feet. | 8 of which 4 shall be provided with approved self-igniting lights. |
| Not under 300 feet but under 400 feet. | 10 of which 6 shall be provided with approved self-igniting lights. |
| 400 feet and over .. .. | 12 of which 6 shall be provided with approved self-igniting lights. |

Life-jackets.

(6) Every pilgrim ship shall carry one approved life-jacket for every person on board.

Line-throwing appliance.

(7) Every pilgrim ship shall carry an approved type of line-throwing appliance.

Classes of boats.

9. For the purposes of sub-rule (2) of rule 8, the standard types of boats are classified as follows:—

Class 1.—Open boats with rigid sides fitted either (*a*) with internal buoyancy appliances only, or (*b*) with internal and external buoyancy appliances, in these rules referred to as lifeboats of Class 1;

Class 2.—(*a*) Open boats fitted with internal and external buoyancy appliances—upper parts of sides collapsible, and (*b*) decked boats with either fixed or collapsible watertight bulwarks, in these rules referred to as lifeboats of Class 2.

Construction, strength and capacity, etc., of boats.

10. (1) All boats shall be properly constructed, and shall be of such form and proportions that they shall have ample stability in a seaway, and sufficient freeboard when loaded with their full complement of persons and equipment. They shall be fitted and arranged to the satisfaction of the Governor General in Council.

(2) (*a*) The structural strength of all boats shall be to the satisfaction of the Governor General in Council.

(*b*) The strength of the boats shall be sufficient to permit of their being safely lowered into the water when loaded with a full complement of persons and equipment.

(3) In all open boats, all thwart and side seats shall be fitted as low in the boat as practicable, and bottom boards shall be fitted so that the thwarts shall not be more than 2 feet 9 inches above them.

(4) The cubic capacity of every boat shall be not less than 125 cubic feet.

(5) Where it is impracticable to carry a boat of the minimum capacity specified in sub-rule (4) of this rule the Governor General in Council may, in his discretion, allow a boat of smaller capacity to be carried.

(6) No boat shall be accepted the buoyancy of which depends upon the previous adjustment of one of the principal parts of the hull.

(7) The weight of a boat when fully laden with persons and equipment shall not exceed 20 tons.

Requirements of lifeboats of class 1.

11. All lifeboats of Class 1 shall comply with the provisions of Part I of the third schedule to these rules in addition to the provisions of rule 10.

Requirements of lifeboats of class 2.

12. All lifeboats of Class 2 shall comply with the provisions of Part II of the third schedule to these rules in addition to the provisions of rule 10.

General requirements for motor boats.

13. Every motor boat carried as part of the statutory lifesaving appliances of a pilgrim ship, shall comply with the following conditions:—

(*a*) the boat shall comply with the requirements for a lifeboat of Class 1, subject to the provisions of rule 14 as to buoyancy;

(*b*) proper appliances shall be provided for putting the boat into the water speedily;

(*c*) the boat shall be adequately provided with fuel and kept so as to be at all times ready for use;

(*d*) the motor and its accessories shall be suitably enclosed to ensure operation under adverse weather conditions, and provision shall be made for going astern;

(*e*) the speed shall be at least six knots when fully loaded in smooth water.

Buoyancy appliances of motor boats.

14. The volume of the internal buoyancy appliances of a motor boat and, where fitted, the external buoyancy appliances shall be at least equal to that of the buoyancy appliances which would be required under these rules if the boat were not a motor boat and shall be increased above that volume if and to the extent that such increase is necessary to compensate for the difference between (*a*) the weight of the motor and its accessories, and if fitted, the searchlight and the wireless telegraph installation and their accessories, and (*b*) the weight of the additional persons which the boat could accommodate if the motor and its accessories, and if fitted, the searchlight and the wireless telegraph installation and their accessories were removed.

Increase in buoyancy appliances of motor boats.

15. In the case of boats which are deemed fit to carry 100 or more persons the volume of the buoyancy appliances shall be increased beyond the volume required by rule 14 to such extent as may be determined by the Governor General in Council.

Carrying capacity of boats.

16. (1) (*a*) Subject as hereinafter provided, the number of persons which a boat shall be deemed fit to carry shall be equal to the greatest whole number ascertained by dividing the capacity of the boat in cubic feet, determined in accordance with the provisions of Part I of the fourth schedule to these rules, or the surface of the boat in square feet determined in accordance with the provisions of Part II of the said fourth schedule, as the case may be, by the standard unit of capacity or unit of surface, as the case may be, shown in the following table:—

| Type of Boat. | Standard Unit of Capacity. |
|---|---|
| Class 1 (*a*) .. .. .. | .. 10 cubic feet. |
| Class 1 (*b*) .. .. .. | .. 9 cubic feet. |
| | Standard Unit of Surface. |
| Class 2 .. .. .. | .. 3½ square feet. |

(*b*) The Governor General in Council may, in the case of a decked lifeboat of Class 2, accept, in place of 3½ square feet, a smaller unit of surface not being less than 3 square feet, if he is satisfied after trial that the number of persons for which there is proper seating accommodation in the boat is greater than the number obtained by applying the standard unit.

(2) The number of persons which a boat is deemed fit to carry shall not—

(*a*) exceed the number of adult persons wearing lifejackets for which there is proper seating accommodation arranged in such a way that the persons when seated do not interfere in any way with the use of the oars; and

(*b*) in the case of lifeboats of Class 2 be such as to reduce the freeboard of the boat, when fully laden, below the minimum freeboard laid down for each type of boat in Part II of the third schedule to these rules.

(3) If the Surveyor is doubtful as to the number of persons any boat is fit to carry, he may require it to be tested afloat fully laden with equipment and the intended number of persons all wearing lifejackets.

(4) In the case of boats of a depth of more than 4 feet, boats with very fine ends and boats very full in form, the number of persons which the boat is deemed fit to carry may be determined by the Governor General in Council otherwise than in accordance with the foregoing provisions of this rule.

**General requirements for life-rafts.**

17. An approved life-raft shall comply with the following conditions:—

(*a*) It shall be of approved material and construction;

(*b*) It shall be effective and stable when floating either way up;

(*c*) It shall be fitted with fixed or collapsible bulwarks of wood, canvas or other suitable material around both the top and bottom platforms;

(*d*) It shall have a line securely becketed round the outside;

(*e*) It shall be of such strength that it can be launched or thrown from the ship's deck without being damaged, and if intended to be thrown it shall be of such size and weight that it can easily be handled;

(*f*) It shall have not less than three cubic feet of air-cases or equivalent buoyancy appliances for each person to be carried thereon;

(*g*) It shall have a deck area of not less than four square feet for each person to be carried thereon, and it shall effectively support the occupants out of the water;

(*h*) The air-cases or equivalent buoyancy appliances shall be placed as near as possible to the sides of the life-raft, and such buoyancy appliances shall not be dependent on inflation by air.

**General requirements for buoyant apparatus.**

18. (1) Approved buoyant apparatus, whether buoyant deck seats, buoyant deck chairs or other buoyant apparatus, shall be deemed sufficient, so far as buoyancy is concerned, for the number of persons equal to the greatest whole number ascertained by dividing the number of pounds of iron which the apparatus is capable of supporting in fresh water by 32, and the apparatus shall be deemed fit to support the number so ascertained or a number equal to the number of feet in the perimeter of the apparatus whichever number is the smaller.

(2) All approved buoyant apparatus shall comply with the following conditions:—

(*a*) It shall be of approved material and construction;

(*b*) It shall be effective and stable when floating either way up;

(*c*) It shall be of such size, strength and weight that it can be handled without mechanical appliances and, if necessary, thrown without damage from the ship's deck on which it is stowed;

(*d*) If it depends for its buoyancy on air it shall not be so constructed as to require inflation before use in an emergency;

(*e*) The air-cases or equivalent buoyancy appliances shall be placed as near as possible to the sides of the apparatus;

(*f*) It shall have a line securely becketed round the outside of the apparatus.

Marking of boats, life-rafts and buoyant apparatus.

19. (1) All boats shall be permanently marked to the satisfaction of the Governor General in Council in such a way as to indicate plainly their dimensions and the number of persons which they are deemed fit to carry.

(2) All life-rafts shall be marked in the same manner with the number of persons which they may carry.

(3) All buoyant apparatus shall be marked in the same manner with an indication that they are buoyant and with the number of persons which they are deemed fit to support.

Equipment of boats.

20. (1) Every boat carried on a pilgrim ship shall be equipped as follows:—

(*a*) With the full single banked complement of oars and two spare oars, and a steering oar;

(*b*) With two plugs for each plug hole, attached with lanyards or chains, and one set and a half of thole pins or crutches, attached to the boat by lanyards. Plugs shall not be required where proper automatic valves are fitted;

(*c*) With a sea anchor, a baler, a galvanised iron bucket, a rudder and a tiller, or yoke and yoke lines, a painter of sufficient length, and a boat-hook. The rudder, the baler, and the bucket shall be attached to the boat by sufficiently long lanyards, and kept ready for use;

(*d*) With a vessel capable of holding one quart for each person that the boat is deemed fit to carry. This vessel shall be kept filled with fresh water, and provided with a dipper with lanyard;

(*e*) With two hatchets one to be kept in each end of the boat, and to be attached to the boat by a lanyard;

(*f*) With a line securely becketed round the outside of the boat;

(*g*) With an efficient lantern trimmed, with oil in its receiver sufficient to burn for eight hours, or with some other lantern or light approved by the Governor General in Council; and with a box of suitable matches in a watertight tin;

(*h*) With a mast or masts, and with at least one good sail and proper gear for each;

(*i*) With an efficient compass;

(*j*) With an air-tight case containing two pounds of biscuits for each person that the boat is deemed fit to carry;

(*k*) With a vessel of approved pattern containing one gallon of vegetable or animal oil, so constructed that the oil can be easily distributed on the water and so arranged that it can be attached to the sea anchor;

(*l*) With one dozen self-igniting red lights in a water-tight tin;

(*m*) With half a pound of condensed milk for each person that the boat is deemed fit to carry;

(*n*) With a suitable locker for the stowage of the small items of the equipment.

(2) Every boat which is deemed fit to carry 100 or more persons shall be fitted with a motor and shall comply with the requirements of rules 13, 14 and 15.

(3) A motor boat need not carry a mast or sails or more than half the complement of oars, but it shall carry two boathooks.

(4) A decked boat shall have no plug-hole, but shall be provided with not less than two bilge-pumps.

Wireless installations and searchlights on motor boats.

21. (1) Where a wireless installation is required by a sub-rule (3) of rule 8 of these rules to be carried on a motor boat it shall be capable of transmission and reception on a frequency of 500 kilocycles (wavelength 600 metres) and shall be provided with a source of power sufficient to give a minimum of 10 metre amperes (the number of metre amperes being determined by multiplying the current in amperes measured at the base of the aerial by the maximum height in metres of the aerial above the water line) and to maintain the installation in operation, allowing for intermittent use, for a total period of six running hours;

(2) Where a searchlight is required by sub-rule (3) of rule 8 of these rules to be carried on a motor boat it shall include a lamp of at least 80 watts, an efficient reflector and a source of power which

will give effective illumination of a light-coloured object over a width of about 60 feet at a distance of 200 yards for a total period of six hours and shall be capable of working for three hours continuously;

(3) Where the power for the wireless installation and the search-light is derived from the same source, that source shall be of sufficient power to provide for the adequate working of both appliances simultaneously.

Equipment of life-rafts.

22. (1) The normal equipment of every approved life-raft shall consist of:—

(*a*) Four oars;

(*b*) Five rowlocks;

(*c*) A self-igniting lifebuoy light;

(*d*) A sea-anchor;

(*e*) A painter;

(*f*) A vessel of approved pattern containing one gallon of vegetable or animal oil so constructed that the oil can be easily distributed on the water, and so arranged that it can be attached to the sea-anchor;

(*g*) An airtight receptacle containing two pounds of biscuits for each person to be carried;

(*h*) A water-tight receptacle provided with a dipper with lanyard containing one quart of fresh water for each person to be carried;

(*i*) At least one dozen self-igniting red lights and a box of matches in water-tight containers.

Stowage of equipment in boats and life-rafts.

23. All boats and life-rafts shall be fully equipped before the ship proceeds to sea, and the equipment shall remain in the boat or life-raft throughout the voyage, while the ship is at sea, or shall be stowed in some convenient place where it will be immediately available in case of emergency.

Stowage and handling of boats, life-rafts and buoyant apparatus.

24. (1) All boats attached to davits and all boats stowed under boats attached to davits shall be stowed to the satisfaction of the Governor General in Council in such a way that—

(*i*) they can be launched in the shortest possible time;

(*ii*) they will not impede in any way the prompt handling of any other of the boats attached to davits or stowed under boats attached to davits, the life-rafts or the buoyant apparatus carried in pursuance of these rules or the marshalling of the persons on board at the launching stations, or their embarkation;

(*iii*) even under conditions of list and trim unfavourable from the point of view of the handling of the boats, as large a number of persons as possible can be embarked in them.

(2) (*a*) Boats and life-rafts additional to boats stowed under boats attached to davits shall be stowed across a deck, bridge or poop and so secured that they will have the best chance of floating free of the ship if there is no time to launch them. They must not impede in any way the prompt handling of the boats attached to davits or the boats stowed under boats attached to davits, or the buoyant apparatus, or the marshalling of the persons on board at the launching stations or their embarkation.

(*b*) As large a number as possible of the additional boats referred to in clause (*a*) of this sub-rule shall be capable of being launched on either side of the ship by means of approved appliances for transferring them from one side of the deck to the other.

(*c*) Means shall be provided to the satisfaction of the Governor General in Council for lowering the additional boats referred to in clause (*a*) of this sub-rule into the water in the shortest possible time.

(3) Subject to the foregoing provisions of this rule boats may be stowed one above the other, or they may, subject to such conditions as the Governor General in Council may impose, be fitted one within another, but where boats so fitted require lifting before being launched they may only be so fitted if mechanical power appliances for lifting are provided. In no other case shall boats be so stowed as to require lifting before being launched.

(4) Where a boat is stowed underneath another boat there shall be provided approved removable supports or other approved appliances, so as to secure that the weight of a boat is not unduly supported by the boat underneath it.

(5) Boats may be stowed on more than one deck on condition that proper measures are taken to prevent boats on a lower deck being fouled by those stowed on a deck above.

(6) Boats shall not be placed in the bows of the ship or in any positions in which they would be brought into dangerous proximity to the propellers at the time of launching.

(7) All life-rafts and buoyant apparatus shall be so stowed as to be readily available in case of emergency.

(8) Davits shall be of approved form and shall be suitably placed to the satisfaction of the Governor General in Council. They shall be so disposed on one or more decks that the boats placed under them can be safely lowered without interference from the operation of any other davits.

(9) (*a*) The davits, falls, blocks, and all other gear shall be of sufficient strength to the satisfaction of the Governor General in Council.

(*b*) The davits, falls, blocks and all other gear shall be of such strength that the boats can be safely lowered with the full complement of persons and equipment, with the ship listed to 15 degrees either way.

(*c*) Life-lines shall be fitted to the davit spans, and the falls and life-lines shall be long enough to reach the water with the ship at her lightest sea-going draught and listed to 15 degrees either way. Hooks shall not be attached to the lower tackle blocks.

(10) The davits shall be fitted with gear of sufficient power to ensure that the boat, fully equipped and manned, but not otherwise loaded with passengers, can be turned out against the maximum list at which the lowering of the boats is possible.

(11) Boats attached to davits shall have the falls ready for service, and means shall be provided for speedily, but not necessarily simultaneously, detaching the boats from the falls. The points of attachment of the boats to the falls shall be so situated as to ensure the boats being easily swung clear of the davits.

(12) The boats' chocks shall be of such construction and arranged in such manner as shall be satisfactory to the Governor General in Council.

(13) Where more than one boat is served by the same set of davits, if the falls are of rope, separate falls shall be provided to serve each boat, but where wire falls are used with mechanical appliances for recovering them, separate falls need not be provided. The appliances used shall be such as to ensure lowering the boats rapidly and in turn. Where mechanical power appliances are fitted for the recovery of the falls, efficient hand gear shall also be provided.

Approved life-jackets.

25. (1) An approved life-jacket shall mean a jacket or other approved appliance capable of being fitted on the body, of approved material and construction, which is capable of floating in fresh water for at least 24 hours with 16½ lbs. of iron suspended from it. It shall be reversible and suitable both for adults and children.

(2) No life-jackets shall be approved or carried the buoyancy of which depends on air compartments.

Approved lifebuoys.

26. (1) (*a*) An approved lifebuoy shall be of solid cork or other approved material and shall be capable of floating in fresh water for at least 24 hours with 32 lbs. of iron suspended from it.

(*b*) No lifebuoys filled with rushes, cork shavings, granulated cork or any other loose granulated material, or whose buoyancy depends upon air compartments requiring inflation, shall be approved or carried.

(2) All lifebuoys shall be fitted with beckets securely seized, and at least one on each side of the ship shall be fitted with a lifeline at least 15 fathoms in length.

(3) Where by these rules lifebuoys are required to be provided with self-igniting lights such lights shall be lights which cannot be extinguished in water and they shall be kept near the lifebuoys to which they belong with the necessary means of attachment.

Stowage of lifebuoys and life-jackets.

27. (1) All lifebuoys and life-jackets shall be stowed to the satisfaction of a Surveyor and so as to be readily accessible to the persons on board; their position shall be plainly indicated so as to be known to the persons concerned.

(2) A lifebuoy with a self-igniting light attached to it shall be carried at each side of the navigating bridge in beckets or cleats in such a manner as to admit of instantaneous release and to ensure its dropping clear of the ship's side.

Other lifebuoy lights required under these rules shall be distributed, attached to lifebuoys, to the Surveyor's satisfaction.

(3) Lifebuoys shall always be capable of being rapidly cast loose and shall not be permanently secured in any way.

(4) Life-jackets may be stored either in battens over the passenger decks or in boxes under the charge of serangs as well as in the buoyant seats when these are used. The contents of the boxes shall be clearly painted on them; and illustrated notices in the vernacular shall be posted up in different parts of the ship explaining to pilgrims where to find life-jackets and how to use them. In addition, their use shall be demonstrated by the crew both during boat drills and periodically at other times.

(5) The marking on the boxes and the illustrated notices referred to in sub-rule (4) shall be in English and Urdu characters in the case of a ship sailing from Bombay or Karachi and in English and Bengali character in the case of a ship sailing from Calcutta.

Approved line-throwing appliances.

28. (1) An approved line-throwing appliance shall consist of—

(*a*) Four 2 lb. line-throwing rockets with suitable sticks or other approved apparatus capable of throwing a line 5/16ths inch in circumference a distance of 120 yards in calm weather, and

(*b*) Two lines, 5/16ths inch in circumference each not less than 240 yards in length, having a breaking strain of not less than 150 lbs.

(2) The rockets with the means of igniting them and the lines shall be kept in a water-tight case.

Embarkation in the boats and life-rafts.

29. (1) Suitable arrangements as required by the Governor General in Council shall be made on every pilgrim ship for embarking the pilgrims in the boats at an embarkation deck. Ships shall be provided throughout with electrically operated signals controlled from the bridge for summoning pilgrims to muster stations:

Provided that the Governor General in Council may, on the application of the owner and on such conditions as he may think fit, exempt any pilgrim ship from the requirement of being provided with the electrically operated signals specified in this sub-rule.

(2) Every pilgrim ship shall carry not less than one ladder of an approved type at each set of davits. The ladders shall be of sufficient length to reach the waterline with the ship at her lightest sea-going draught and listed to 15 degrees either way, and shall be carried in such a manner as to be always available for use in embarking the persons in the boats or life-rafts.

(3) The owner of every pilgrim ship shall be required to satisfy the Surveyor by a practical test in his presence that all the boats carried can be launched in reasonable time, the number of hands employed in the operation not exceeding the total number of boat hands that will be carried on board under normal service conditions and each boat having, when lowered, not less than two men on board and its full equipment.

Means of ingress and egress. Emergency lighting.

30. (1) Proper arrangements shall be made to the satisfaction of the Governor General in Council on every pilgrim ship for ingress to and egress from the different compartments and decks.

(2) Provision shall be made on every pilgrim ship for an electric or other system of lighting, sufficient to the satisfaction of the Governor General in Council for all requirements of safety, in the different parts of the ship, and particularly upon the decks on which the boats are stowed. On ships in which the boat deck is more than 30 feet above the waterline at the lightest sea-going draught, provision shall be made for the illumination from the ship of the boats when alongside and in process of or immediately after being launched. There must be a self-contained source of power capable of supplying, when necessary, this safety lighting system, and placed in the upper parts of the ship above the bulkhead deck.

(3) In every pilgrim ship the exit from every main compartment occupied by pilgrims or crew shall be continuously lighted by an emergency lamp. The power for these emergency lamps shall be so arranged that they will be supplied from the source of power referred to in sub-rule (2) of this rule in the event of failure of the main generating plant:

Provided that the Governor General in Council may, on the application of the owner and on such conditions as he may think fit, exempt any pilgrim ship of less than 1,000 tons gross from the requirement of the independent installation referred to in sub-rules (2) and (3) of this rule.

Certificated lifeboatmen.

31. (1) The crew of every pilgrim ship shall include, for each boat or life-raft carried as part of the statutory life-saving appliances, a number of certificated lifeboatmen not less than that specified in the following table:—

| Prescribed complement of boat or life-rafts. | Minimum number of certificated lifeboatmen. |
|---|---|
| Less than 41 persons .. .. .. | 2 |
| From 41 to 61 persons .. .. .. | 3 |
| From 62 to 85 persons .. .. .. | 4 |
| Above 85 persons .. .. .. | 5 |

Provided that the Governor General in Council may, on the application of the owner and on such conditions as he may think fit, exempt any pilgrim ship from the requirements of this sub-rule.

(2) An applicant for a lifeboatman's certificate shall be at least 18 years of age and shall submit himself for examination at such times and places as may be directed by the Governor General in Council, who on being satisfied that he has had sufficient service at sea and has been trained in all the operations connected with launching lifeboats and the use of oars, that he is acquainted with the practical handling of the boats themselves and, further, that he is capable of understanding and answering the orders relative to lifeboat service, may issue a certificate to him.

(3) If the Governor General in Council has reason to believe that a certificated lifeboatman no longer possesses the qualifications described in sub-rule (2) of this rule, he may require him to submit himself for re-examination at such time and place as he may determine, and if he does not prove to the satisfaction of the Governor General in Council that he possesses the qualifications aforesaid, the Governor General in Council may cancel the certificate, whereupon the holder shall deliver the certificate to the Governor General in Council and shall be deemed to be no longer a certificated lifeboatman.

(4) For the purpose of this rule—

"certificated lifeboatman" means any member of the crew who holds a certificate issued by or under the authority of the Governor General in Council in accordance with the conditions laid down in sub-rule (2) of this rule or any other certificate recognized by the Governor General in Council as equivalent thereto;

"prescribed complement" means the number of persons which a boat or life-raft is deemed fit to carry under these rules.

Exemptions

32. In the case of a pilgrim ship the keel of which was laid prior to the 1st July, 1933, or a ship which was certified for the carriage of pilgrims during a period of two years prior to that date, which does not already comply with the requirements of rules 7 to 31 inclusive, the arrangements on each such ship shall be considered by the Governor General in Council and such improvements as are practicable and reasonable shall be made with a view to provide substantial compliance with the requirements of the aforesaid rules.

Memorandum authorising carriage of smaller life-saving appliances

33. Every memorandum issued under sub-section (3) of section 245-F of the Indian Merchant Shipping Act, 1923, shall be in the form set out in the first schedule to these rules.

When such a memorandum has been obtained by the owner or master of a pilgrim ship, the number of persons stated in the memorandum shall, for the purposes of these rules, be treated as the number of persons which the ship is certified to carry.

Every such memorandum shall be returned at the end of the voyage to which it relates to the officer from whom it was obtained.

Boats' crews.

34. (1) Boats' crews shall be carried in every pilgrim ship on the following scale, namely:—

One officer or superior seaman rating and at least two other hands who shall be trained in the operations of launching and handling boats for each lifeboat required to be carried under the provisions of these rules and in addition one officer and six hands to clear away the buoyant apparatus carried.

(2) A man capable of working the motor shall be assigned to each motor boat, and, where such equipment is required to be carried, there shall be in the crew a man capable of working the wireless telegraphy and searchlight installations.

(3) The officer or rating placed in charge of each boat shall have a list of its crew and shall see that the men placed under his orders are acquainted with their several duties and stations.

(4) The duty of seeing that the boats and other life-saving appliances are at all times ready for use shall be assigned to one or more officers.

Muster lists.

35. (1) The master of every pilgrim ship shall before the ship sails draw up and have posted in several parts of the ship and in particular in the crews' quarters a muster list.

(2) The muster list shall assign duties to the different members of the crew in connection with:—

(*a*) the closing of water-tight doors, valves, etc.,

(*b*) the equipment of the boats, life-rafts and buoyant apparatus generally,

(*c*) the launching of boats attached to davits,

(*d*) the general preparation of the other boats, the life-rafts and buoyant apparatus,

(*e*) the muster of the pilgrims,

(*f*) the extinction of fire,

(*g*) warning the pilgrims,

(*h*) seeing that the pilgrims have put on life-jackets in a proper manner,

(*i*) assembling the pilgrims at muster stations,

(*j*) keeping order in the passages and on the stairways and generally controlling the movements of the pilgrims.

(3) The muster list shall specify definite signals for calling all the crew to their boat and fire stations and shall give full particulars of these signals.

Drills.

36. (1) In every pilgrim ship musters of the crew for boat drill shall take place weekly when practicable and in ships in which the voyage exceeds one week before leaving port.

The master shall enter or cause to be entered in the official log book a statement of every occasion on which such musters are held and if such muster is not held in any week the master shall enter a statement of the reasons why the muster was not held in that week.

(2) In every pilgrim ship in which the voyage exceeds one week practice musters of the pilgrims shall be held at an early period of each voyage.

Where practicable, a number of male pilgrims unaccompanied by dependents shall, as far as possible, be mustered apart from the others in a convenient place whence they can be readily requisitioned to assist in swinging out boats or rounding up falls, etc., if required.

(3) Different groups of boats shall be used in turn at successive boat drills. The drills and inspections shall be so arranged that the crew thoroughly understand and are practised in the duties they have to perform and that all life-saving appliances with the gear appertaining to them are always ready for immediate use.

(4) In carrying out the boat and water-tight door drills the crew shall, when practicable, drill in their life-jackets and arrangements shall be made, when possible, for pilgrims to see the crew putting the life-jackets on.

Emergency signals.

37. (1) The emergency signal for summoning pilgrims to muster stations shall be a succession of more than six short blasts, followed by one long blast, on the whistle or syren.

(2) The meaning of all signals affecting pilgrims shall be clearly stated in notices in different languages posted in their quarters.

These notices shall be in English and Urdu characters in the case of a ship sailing from Bombay or Karachi and in English and Bengali in the case of a ship sailing from Calcutta.

Emergency boat

38. Every pilgrim ship which is required under these rules to carry two or more boats shall, when at sea, carry an emergency boat slung outboard and ready for action.

Boat decks.

39. In every pilgrim ship special boat decks shall be kept entirely clear of pilgrims and, in the case of shade-decks, bridge-decks and poop-decks which are utilised for airing space for pilgrims as well as boats, a space sufficient for the working of the boats shall be railed off; and, where boats stowed on a shade, bridge or poop-deck occupy half or more of the total breadth of the deck, the whole of the space abreast the boats shall be railed off and treated as a special boat deck.

*Instruments for purposes of navigation.*

40. Every pilgrim ship shall be provided with—

(*a*) Admiralty or Indian Government charts and sailing directions suitable for the voyage she is about to undertake;

(*b*) not less than two chronometers and not less than two sextants or quadrants and barometers, one of the latter being a mercurial barometer.

*Fire detecting and extinguishing appliances.*

Patrols and detection.

41. (1) An efficient patrol system shall be maintained on every pilgrim ship so that any outbreak of fire may be promptly detected.

(2) On every pilgrim ship an approved fire-alarm or fire-detecting system shall be provided which will automatically register at one or more points or stations in the ship, where it can be most quickly observed by officers and crew, the presence or indication of fire in any part of the ship which is, in the opinion of the Governor General in Council, not accessible to the patrol system:

Provided that the Governor General in Council may, on the application of the owner and on such conditions as he may think fit, exempt any pilgrim ship from the provision of this sub-rule.

Spaces occupied by passengers and crew.

42. (1) Every pilgrim ship shall be provided with apparatus whereby not less than two powerful jets of water can be rapidly and simultaneously brought to bear upon any part of each deck or space occupied by pilgrims or crew when the water-tight and fire resisting doors are closed.

(2) Every pilgrim ship shall be provided with two approved portable fluid fire extinguishers in each compartment wherein pilgrims and crew are accommodated, and when pilgrims are carried in enclosed spaces above the upper deck there shall be at least one extinguisher on each side of such spaces at intervals of not more than 60 feet.

Cargo spaces.

43. (1) Every pilgrim ship shall be provided with approved apparatus whereby not less than two powerful jets of water can be rapidly and simultaneously directed into any cargo space.

(2) Every pilgrim ship of 1,000 tons gross tonnage and upwards shall be provided with approved apparatus whereby fire smothering gas sufficient to give a minimum volume of free gas equal to 30 per cent. of the gross volume of the largest hold in the ship can be promptly conveyed by a permanent piping system into any compartment in which cargo is carried:

Provided that, in the case of the ships propelled by steam engines, the Governor General in Council may allow the use of steam in lieu of smothering gas if satisfied that a volume of steam equivalent to the volume of gas required by this sub-rule will always be available.

(3) In any case in which it is proposed to use steam as a substitute for smothering gas in a steam-driven pilgrim ship, the details of the arrangements proposed, including particulars as to the dimensions of the boilers available for the purpose and the capacity of the largest hold, shall be submitted to the Governor General in Council for consideration and approval.

Arrangements for injecting steam or other gas into cargo spaces and boiler rooms.

44. Where provision is made in any pilgrim ship for the injection of steam or other gas into the cargo spaces and boiler rooms for fire extinguishing purposes, the necessary pipes for conveying the steam or gas to holds or other compartments shall be provided with controlling valves or cocks readily accessible from the deck and so marked as to indicate clearly the compartments to which the pipes are respectively led. Suitable provision shall be made for locking these valves or cocks so as to prevent inadvertent admission of the steam or gas to any compartment. If any pipe is led to a space to which passengers have access, it shall be furnished with an additional stop valve or cock also capable of being locked.

Machinery and bunker spaces

45. Every pilgrim ship shall be provided with apparatus whereby not less than two powerful jets of water can be rapidly and simultaneously directed into any part of the coal bunker spaces, boiler rooms and machinery spaces.

Requirements for ships with coal-fired boilers.

46. Every pilgrim ship in which the main boilers are coal-fired shall, in addition to the requirements of rule 45, be provided with not less than two approved portable fluid fire extinguishers in each of the boiler rooms and machinery spaces.

Requirements for ships with oil-fired boilers.

47. (1) Every pilgrim ship in which the main boilers are oil-fired shall, in addition to the requirements of rule 45, be provided with:—

(*a*) Conductors for spraying water on oil without undue disturbance of the surface;

(*b*) A receptacle containing not less than 10 cubic feet of sand, sawdust impregnated with soda, or other approved dry materials in each firing space, and scoops for distributing such material;

(*c*) Two approved portable extinguishers constructed to discharge froth, or other approved medium suitable for quenching oil fires in each boiler room and in each of the machinery spaces in which a part of the oil fuel installation is situated;

(*d*) Approved apparatus whereby froth can be rapidly discharged and distributed over the whole of the lower part of the boiler room or of any one boiler room, if there are more than one, or of any machinery space in which oil fuel units or settling tanks are situated. The quantity of froth which can be discharged shall be sufficient to cover, to a depth of 6 inches, the whole area of the plating formed in any one compartment by the inner bottom plating, or by the shell plating of the vessel if there is no double bottom tank. If the engine and boiler rooms are not entirely separate and fuel oil can drain from the boiler room bilges into the engine room, the combined engine and boiler rooms shall be considered as one compartment. The apparatus shall be controlled from outside the compartments into which it is required to discharge froth;

(*e*) One approved extinguisher constructed to discharge froth of not less than 30 gallons capacity in the case of ships having one boiler room, and two such extinguishers in the case of ships with more than one boiler room. These extinguishers shall be provided with hoses on reels suitable for reaching any part of the boiler rooms and spaces containing oil fuel units.

(2) All containers for froth discharging apparatus in pilgrim ships and the valves by which such containers are operated shall be easily accessible and so placed that they will not readily be cut off from use by an outbreak of fire.

Requirements for ships propelled by internal combustion engines.

48. (1) Every pilgrim ship propelled by internal combustion engines shall comply with the requirements of clause (*a*) of sub-rule (1) of rule 47 of these rules and shall be provided in each of the machinery spaces with not less than one approved 10-gallon extinguisher constructed to discharge froth and also with one approved two-gallon extinguisher constructed to discharge froth for each 1,000 B. H. P. of the engines or part thereof, so, however, that the total number of two-gallon extinguishers so provided shall be not less than two and need not exceed six.

(2) If in any pilgrim ship propelled by internal combustion engines a boiler is situated in a machinery space, there shall be provided in that space, in place of the 10-gallon extinguisher required by sub-rule (1) of this rule, an extinguisher of 30 gallons capacity, fitted with suitable hose attachments or other approved means for distributing the froth.

Pumps.

49. (1) Every pilgrim ship of 4,000 tons gross tonnage and upwards shall be provided with not less than three fire pumps operated by steam or other motive power, and every such ship of under 4,000 tons gross tonnage with not less than two such fire pumps:

Provided that, in the case of ships the keels of which were laid before 1st September, 1931, more than two pumps shall not be required and the main engine sanitary pump shall count as one of the pumps required, if it is so fitted as to be capable of serving the purpose of such pump.

(2) Each of such fire pumps shall be capable of delivering such quantity of water as the Governor General in Council may deem sufficient in two powerful jets simultaneously in any part of the ship.

(3) Each of such fire pumps shall be provided with effective escape valves suitably adjusted and so placed as to prevent excessive pressure in any part of the water-service system.

(4) When more than two such pumps are required they shall not all be fitted in the same space.

(5) In ships in which the main boilers are oil-fired, if the engine and boiler rooms are not entirely separated by a steel bulkhead and if fuel oil can drain from the boiler room bilges into the engine room, one of the fire pumps shall be situated in the tunnel or in some other space outside the machinery compartment.

(6) Independent power bilge pumps which are capable of giving a speed of water through the main bilge pipe of not less than 400 feet per minute may be accepted as fire pumps if fitted with suitable sea connections. Other pumps utilised for fire-extinguishing purposes shall be capable of giving a speed of water through the main water-service pipes of not less than 270 feet per minute.

(7) Pumps used for pumping oil shall not be accepted as fire pumps.

(8) The fire pumps shall be available for immediate use at all reasonable times when the ship is in commission.

Water-service pipes.

50. (1) Every pilgrim ship shall be provided with water-service pipes of ample size and made of suitable material to the satisfaction of the Governor General in Council. The main water-service pipes shall be made of wrought material, and, if of iron or steel, shall be galvanized:

Provided that, in the case of ships the keels of which were laid before the 1st September, 1931, the main water-service pipes need not be galvanized.

(2) The diameter of the pipes shall be sufficient to enable an adequate quantity of water to be supplied to the fire hoses which may be coupled to them for simultaneous operation.

(3) The branch water-service pipes and hydrants shall be so placed on each deck that the fire hoses may be easily coupled to them.

(4) Cocks or valves shall be fitted in such positions on the water-service pipes or branches that any of the fire hoses may be removed while the fire pumps are at work.

Fire hoses.

51. (1) Every pilgrim ship shall be provided with such number of fire hoses as the Governor General in Council may deem sufficient, but not less than three hoses shall be provided in any ship.

(2) Each of the hoses shall be of sufficient length to project a jet of water to any part of the space in which it is intended to be used.

(3) The fire hoses shall be of leather, seamless hemp, or flax canvas of first-class quality, or other approved material. They shall be provided with suitable metal unions and conductors and with goose-neck connections where necessary.

(4) A sufficient number of fire hoses with attachments and conductors shall be suitably distributed about different decks in the ship so as to be readily available for rapid use.

(5) The fire hoses and the abovementioned conductors, etc., and coupling wrenches, if required, shall be kept ready for use in conspicuous positions near the water-service hydrants or connections. They shall be used only for the purpose of extinguishing fires or testing the fire extinguishing apparatus at fire drills and surveys.

Fluid fire extinguishers.

52. (1) Where not otherwise stated in these rules, the capacity of portable extinguishers shall be not more than three imperial gallons and not less than two imperial gallons:

Provided that the Governor General in Council may permit the use of an extinguisher of less than two gallons capacity in special circumstances.

(2) An approved type of portable fluid fire extinguisher discharging a medium other than water may be carried, up to 20 per cent of the total number required by these rules, in lieu of the ordinary water-discharging extinguishers.

(3) Portable fluid fire extinguishers provided in accordance with these rules (apart from those supplied in boiler rooms, etc., specially for use in connection with oil fuel) shall not be of more than two types in any one ship.

(4) All extinguishers, whether portable or otherwise, shall be placed in positions where they are readily accessible.

Smoke helmets and safety lamps.

53. Every pilgrim ship shall be provided with not less than two approved equipments, each consisting of a breathing apparatus or smoke helmet and a safety lamp, and these equipments shall be kept ready for use in widely separated places.

Emergency appliances.

54. Every pilgrim ship shall be provided with such outfit of emergency fire appliances as the Governor General in Council may deem sufficient.

Fire-drill

55. Fire drill shall be held not less than once a week on board all pilgrim ships and during such drill all fire appliances shall be put into use and the fact entered in the log book.

General.

56. All fire-extinguishing apparatus and appliances shall be in working order and available for immediate use before a pilgrim ship leaves port and at all times during the voyage.

Custody of fire apparatus and fire patrol.

57. In every pilgrim ship the fire apparatus shall be placed by the master under the special charge of one of the principal officers of the ship and of the ship's carpenter, who shall both be held responsible that the apparatus is kept in a state fit for immediate use. As soon as possible after leaving port, the officers and crew shall be divided into parties and assigned to stations in case of fire.

Stowage of cargo and disposal of inflammables.

58. (1) The cargo of every pilgrim ship shall, before she leaves port, be properly stowed away, and the decks shall be cleared of any loose straw, hay and other inflammable material. Any goods which are dangerous by reason of their inflammability or liability to explosion shall be stowed, subject to the provisions of any law or rules in force, in such manner as to safeguard the ship from danger of fire or explosion. The tanks of motor cars carried on the ship shall be drained before loading.

(2) Before a pilgrim ship leaves port, every pilgrim shall deliver up any lucifer matches, gunpowder or other inflammable article in his possession.

Use of naked lights and smoking, etc.

59. (1) Naked lights shall not be used in the holds or store rooms or between decks of pilgrim ships, except under trustworthy superintendence.

(2) No person shall read in bed with a naked light.

(3) Casks or drums containing spirit shall not be opened in the holds but shall be hoisted on deck for the purpose.

(4) Smoking in the between-decks shall be strictly prohibited.

Exemptions.

60. In the case of a pilgrim ship of less than 1,000 tons gross, when it is shown that adequate arrangements for the extinction of fire have been made and that it is neither practicable nor reasonable to enforce full compliance with the requirements of rules 41 to 59 inclusive, such relaxation as the Governor General in Council may deem necessary may be granted."

(3) In rule 66 of the said Rules, for sub-rules (2) and (3) the following sub-rule shall be substituted, namely:—

"(2) Every pilgrim ship the keel of which was laid on or after 1st July, 1933, and every pilgrim ship which was not certified for the carriage of pilgrims during a period of two years prior to that date shall be provided with two electric generators."

(4) The proviso to sub-rule (2) of rule 101 of the said Rules shall be omitted.

(5) After rule 182 of the said Rules, the following heading and rule shall be inserted, namely:—

*"Acceptance of Equivalents.*

182A Where these rules require that a particular fitting, appliance or apparatus, or type thereof, shall be fitted or carried in a pilgrim ship, or that any particular provision shall be made, the Governor General in Council may allow any other fitting, appliance or apparatus or type thereof, to be fitted or carried, or any other provision to be made, if he is satisfied that such other fitting, appliance or apparatus or type thereof, or provision, is at least as effective as that required by these rules."

(6) After the forms appended to the said Rules, the following schedules shall be added, namely:—

"FIRST SCHEDULE.

**BRITISH INDIA**

Issued by the Government of India.

INTERNATIONAL CONVENTION FOR THE SAFETY OF LIFE AT SEA, 1929.
MODIFICATION OF SAFETY CERTIFICATE.

*Memorandum issued under the provisions of Article 56 of the International Convention for the Safety of Life at Sea, 1929.*

| Name of Ship. | Official number. | Port of Registry. |
|---|---|---|
| | | |

In view of the fact that in the course of the voyage commencing on the———from ———to ——— the above-mentioned ship is not to have on board a number of crew and passengers exceeding———she is free to carry a smaller life-saving equipment than that stated in her Safety Certificate. In these circumstances, there will be no infringement of the provisions of the International Convention for the Safety of Life at Sea, 1929, if the ship is provided with —

———boats capable of accommodating .. ———persons.

———life-rafts capable of accommodating .. ———persons

———buoyant apparatus capable of supporting .. ———persons.

———lifebuoys.

———life-jackets

———certificated lifeboatmen

This Memorandum is valid only for the voyage specified above. During that voyage it is to be annexed to the ship's Safety Certificate and is to be substituted for Part II (4) of that Certificate.

The undersigned declares that he is duly authorised by the Government of India to issue this Memorandum

Issued at this day of 193 .

## THIRD SCHEDULE.

*(See Rules 11 and 12.)*

### PART I.

**Lifeboats of Class 1.**

(1) Every boat shall have a mean sheer at least equal to four per cent. of its length.

(2) The air-cases of every boat shall be so placed as to secure stability when fully laden under adverse weather conditions.

(3) Internal buoyancy appliances shall be constructed of copper or yellow metal of not less than 18 ozs. to the superficial foot, or of other approved material.

*Lifeboats with Internal Buoyancy Appliances only.—Class 1 (a).*

(4) The buoyancy of a wooden boat of this type shall be provided by watertight air-cases, the total volume of which shall be at least equal to one-tenth of the cubic capacity of the boat.

(5) The buoyancy of a metal boat of this type shall not be less than that required for a wooden boat of the same cubic capacity, and the volume of watertight air-cases shall be increased accordingly.

*Lifeboats with Internal and External Buoyancy Appliances.—Class 1 (b).*

(6) The internal buoyancy of a wooden boat of this type shall be provided by watertight air-cases, the total volume of which is at least equal to seven-and-a-half per cent. of the cubic capacity of the boat.

(7) The external buoyancy may be provided by means of cork or any other equally efficient material, but buoyancy shall not be obtained by the use of rushes, cork shavings, loose granulated corks or any other loose granulated substance, or by any means dependent upon inflation by air.

(8) If the buoyancy appliances are of cork, their volume, for a wooden boat, shall not be less than thirty-three thousandths of the cubic capacity of the boat; if of any material other than cork, their volume and distribution shall be such that the buoyancy and stability of the boat are not less than that of a similar boat provided with buoyancy appliances of cork.

(9) The buoyancy of a metal boat shall be not less than that required for a wooden boat of the same cubic capacity, and the volume of the watertight air-cases and of the external buoyancy appliances shall be increased accordingly.

## PART II.

### Lifeboats of Class 2.

*Open boats with Internal and External Buoyancy—Upper Part of sides collapsible.—Class 2 (a).*

(10) A wooden boat of this type shall be fitted both with watertight air-cases and with external buoyancy appliances the aggregate volume of which, for each person which the boat is able to accommodate, shall be at least equal to the following amounts:—

| | |
|---|---|
| Air-cases .. .. .. .. | 1·5 cubic feet. |
| External buoyancy appliances (if of cork) .. .. | 0·2 cubic feet. |

(11) Internal buoyancy appliances shall be constructed of copper or yellow metal of not less than 18 ozs. to the superficial foot or other approved material.

(12) The external buoyancy appliances may be of cork or of any other equally efficient material, but buoyancy shall not be obtained by the use of rushes, cork shavings, loose granulated cork or any other loose granulated substance, or by any means dependent upon inflation by air. If of any material other than cork, their volume and distribution shall be such that the buoyancy and stability of the boat are not less than that of a similar boat provided with buoyancy appliances of cork.

(13) A metal boat of this type shall be provided with internal and external buoyancy appliances to ensure that the buoyancy of the boat shall be at least equal to that of a wooden boat of the same cubic capacity.

(14) The freeboard of a boat of this type shall be measured vertically to the top of the solid hull at the side amidships, from the water-level, when the boat is loaded with its full complement of persons and equipment.

(15) The minimum freeboard in fresh water of a boat of this type shall be fixed in relation to its length and shall be determined by the following table:—

| *Length of boat. Feet.* | *Minimum freeboard. Inches.* |
|---|---|
| 26 | 8 |
| 28 | 9 |
| 30 | 10 |

The minimum freeboard of boats of intermediate lengths is to be found by interpolation

(16) The collapsible sides of every lifeboat shall be watertight.

*Decked Boats with either Fixed or Collapsible Watertight Bulwarks.—Class 2 (b).*

(17) In the case of boats of the type having a well deck the area of the well deck shall be at least 30 per cent. of the total deck area. The height of the well deck above the waterline at all points shall be at least equal to one-half per cent. of the length of the boat, this height being increased to one-and-a-half per cent. of the length of the boat at the ends of the well. The freeboard in fresh water shall be such as to provide for a reserve buoyancy of at least 35 per cent.

(18) (a) The minimum freeboard of a boat of this type having a flush deck is independent of its length and depends only upon its depth. The depth of the boat is to be measured vertically from the underside of the garboard strake to the top of the deck at the side amidships and the freeboard is to be measured from the top of the deck at the side amidships to the water-level when the boat is loaded with its full complement of persons and equipment.

(b) The minimum freeboard in fresh water shall be determined by the following table which is applicable without correction to boats having a mean sheer equal to three per cent. of their length (hereinafter called the standard sheer).

| *Depth of boat. Inches.* | *Minimum freeboard. Inches.* |
|---|---|
| 12 | 2¼ |
| 18 | 3¼ |
| 24 | 5¼ |
| 30 | 6¼ |

For intermediate depths the minimum freeboard is obtained by interpolation.

(c) If the sheer is less than the standard sheer the minimum freeboard shall be obtained by adding to the figures in the table one-seventh of the difference between the standard sheer and the actual mean sheer measured at the stem and stern post; no deduction shall be made from the freeboard on account of the sheer being greater than the standard sheer or on account of the camber of the deck.

(19) Decked boats may be built of wood or metal If constructed of wood, they shall have the bottom and deck made of two thicknesses with textile material between, if of metal, they shall be divided into watertight compartments with means of access to each compartment.

(20) All deck boats shall be fitted with efficient means for clearing the deck of water. The orifices for this purpose shall be such that the water cannot enter the boat through them when they are intermittently submerged The number and size of the orifices shall be determined by the Governor General in Council for each type of boat by a special test.

(21) For the purpose of this test:—

(a) The decked boat shall be loaded with a weight of iron equal to that of the complement of persons and equipment.

(b) In the case of a boat 28 feet in length two tons of water shall be cleared from a boat with a well deck in not more than 60 seconds and in the case of a boat with a flush deck in not more than 20 seconds.

(c) In the case of a boat having a length ($l$) greater or less than 28 feet, the weight of water in tons to be cleared in the same times as mentioned in sub-paragraph (b) shall be for each type calculated by the formula $l \div 14$.

## FOURTH SCHEDULE

*(See Rule 16.)*

### PART I.

#### Cubic Capacity of Lifeboats of Class 1.

(1) (a) The cubic capacity of a lifeboat of Class 1 shall be determined by the formula set out below or by any other method giving the same degree of accuracy. The capacity of a square sterned boat shall be calculated as if the boat had a pointed stern.

$$\text{Cubic Capacity} = \frac{l}{12}(4A+2B+4C), \text{ where}$$

$l$ denotes the *length* of the boat in feet from the inside of the planking or plating at the stem to the corresponding point at the stem post; in the case of a boat with a square stern, the length is measured to the inside of the transom.

A, B, C denote respectively the *areas of the cross-sections* at the quarter length forward, amidships, and the quarter length aft, which correspond to the three points obtained by dividing $l$ into four equal parts (the areas corresponding to the two ends of the boat are considered negligible)

The areas A, B, C shall be deemed to be given in square feet by the successive application of the following formula to each of the three cross-sections:—

$$\text{Area} = \frac{h}{12}(a+4b+2c+4d+e), \text{ where}$$

$h$ denotes the *depth* measured in feet inside the planking or plating from the keel to the level of the gunwale, or, in certain cases, to a lower level, as determined hereafter,

$a$, $b$, $c$, $d$, $e$ denote the horizontal *breadths* of the boat measured in feet at the upper and lower points of the depth and at the three points obtained by dividing $h$ into four equal parts ($a$ and $e$ being the breadths at the extreme points, and $c$ at the middle point of $h$).

(b) If the oars are pulled in rowlocks, the bottom of the rowlocks shall be considered as the gunwale in measuring the depth of the boat

(c) If the sheer of the gunwale, measured at the two points situated at a quarter of the length of the boat from the ends, exceeds 1 per cent. of the length of the boat, the depth employed in calculating the area of the cross-sections A or C shall be deemed to be the depth amidships *plus* 1 per cent. of the length of the boat.

(d) If the depth of the boat amidships exceeds 45 per cent of the breadth, the depth employed in calculating the area of the midship cross-section B shall be deemed to be equal to 45 per cent of the breadth, and the depth employed in calculating the areas of the quarter length sections A and C is obtained by increasing this last figure by an amount equal to 1 per cent. of the length of the boat, provided that in no case shall the depths employed in the calculation exceed the actual depths at these points.

(2) Unless the owner of a boat requires the cubic capacity to be determined by exact measurement the cubic capacity may be assumed to be the product of the length, the breadth and the depth multiplied by 0·6 if it is evident that this formula does not give a greater capacity than that obtained by the formula set out in paragraph (1) of this schedule.

The dimensions shall be measured in the following manner:—

*Length.*—From the intersection of the outside of the planking with the stem to the corresponding point at the stern post, or in the case of a square sterned boat to the after side of the transom

*Breadth.*—From the outside of the planking at the point where the breadth of the boat is greatest.

*Depth.*—Amidships inside the planking from the keel to the level of the gunwale, but the depth used in calculating the cubic capacity may not in any case exceed 45 per cent of the breadth.

(3) The cubic capacity of a motorboat is obtained from the gross capacity by deducting a volume equal to that occupied by the motor and its accessories, and, when carried, the wireless telegraphy installation and searchlight with their accessories

---

## PART II.

### Deck area of Lifeboats of Class 2.

(4) The area of the deck of a decked boat and the area within the "fixed" bulwarks of a lifeboat of Class 2 (a) shall be determined by the formula set out below or by any other method giving the same degree of accuracy.

$$\text{Area} = \frac{l}{12}(2a + 1{\cdot}5b + 4c + 1{\cdot}5d + 2e), \text{ where}$$

$l$ denotes the *length* in feet from the intersection of the outside of the planking with the stem to the corresponding point at the stern post;

$a$, $b$, $c$, $d$, $e$ denote the *horizontal breadths* in feet outside the planking at the points obtained by dividing $l$ into four equal parts and sub-dividing the foremost and aftermost parts into two equal parts ($a$ and $e$ being the breadths at the extreme sub-divisions, $c$ at the middle point of the length, and $b$ and $d$ at the intermediate points)."

## Bengal Survey School (Mainamati Hills).

[P. O. Survey School, district Tippera.]

### Admission Rules.

The Bengal Survey School is a Government institution under the administrative control of the Director of Industries, Bengal. It is situated on the Mainamati Hills, in the district of Tippera, four miles west of the Comilla railway station, on the Assam-Bengal Railway. The Dacca-Chittagong Trunk Road runs close to the site of the school. It is healthily situated and occupies a picturesque site.

2. The Principal is charged with the general control of the school and the maintenance of discipline.

3. The school, which is ranked as a major institution, is affiliated to the Survey Education Advisory Board, Bengal, for the Survey Final and the Amin Examinations.

4. In addition to the ordinary course, the school trains special students who do not intend to earn their living as Surveyors but wish to receive training in surveying; candidates for appointment as district kanungos or any Government official rank as special students.

5. The total number of admission to the first year course is limited to 50, of whom not more than 10 may be special students; for the second year course not more than 30 shall be admitted in any one year, and not more than 5 of these may be special students.

6. The full course of instruction extends over two years. The session for the first year course, which corresponds to the Amin standard, begins from the 1st August and terminates on the 31st July of the following year. The session for the second year or the Survey Final course, begins from the re-opening day of the school after the Durga Puja holidays or from such date as may be notified by the Principal, not later than 1st November. The second year course also runs for twelve months. No student shall be admitted, or, in case of reinstatement after removal of his name from the school books, be re-admitted after the expiry of one month from the opening of the session, or from the date of removal of his name, as the case may be.

7. Applications for admission to the first year course must be submitted to the Principal on or before the 30th June. Applications for admission to the second year course must be submitted on or before the 30th September or such other date as may be notified by the Principal. Each application, either for admission to first year or to second year, must be accompanied by a registration fee of Rs. 3, which shall in no case be returned. Printed forms for application may be obtained from the office of the Principal.

8. The qualifications for admission to the first year course are:—

(*a*) A sound knowledge of elementary arithmetic.

(*b*) Ability to write simple English and some vernacular.

(*c*) A certificate of character from his last school master.

NOTE:—Preference is given to those who have passed the Matriculation Examination or received higher education.

Application for admission to first year must be accompanied by a medical certificate of fitness for arduous field work, in the approved form signed by a medical officer of rank not below that of a Sub-Assistant Surgeon. All selected candidates are required to undergo, before admission, a medical examination by the medical officer attached to the school.

9. The qualifications for admission to the second year class are:—

(*a*) An Amin certificate granted by the Survey Education Advisory Board.

(*b*) The Matriculation-pass of the Calcutta University or its equivalent.

(*c*) A medical certificate in the same form as for those seeking admission to first year to be granted by the school medical officer.

10. On passing the Amin Examination candidates are awarded the Amin certificate of the Survey Education Advisory Board, Bengal. On passing the Final Examination of second year course the candidates are awarded the Survey Final certificate. Holders of Survey Final certificates are eligible for appointment as district Kanungos.

The fee for Amin Examination is Rs. 15 and for the Survey Final Examination Rs. 25.

The Bengal Survey School is approved for the purposes of Regulation 38 of the Indian Coal Mines Regulations, 1926. In the terms of the said approval the holders of the Survey Final certificates after they have gained practical experience of surveying the underground workings of a mine for six months only, will be eligible for appearing at any examination for Surveyor's certificates, under the Indian Mines Act, 1923.

11. Ordinarily candidates will not be admitted to the first year class unless they are under 21 years of age on the 1st January of the year in which the course begins. The limit of age for the candidates seeking admission to second year is below 22. The Director of Industries, Bengal, may make exceptions to this rule.

The restriction of age does not apply in the case of special students. But they should have the minimum educational qualification of regular students.

12. The school has no vacation like other educational institutions, but it remains closed on executive holidays granted by Government.

13. The school was established on a residential basis and the students are required to reside in the hostels attached to the school. The students may live with their parents or approved guardians with the special permission of the Principal; but such permission may be withdrawn at any time.

14. Messes are provided for the Hindu students. Muhammadan students make their own messing arrangements. The Hindu mess shall be entirely self-supporting; the monthly charges are fixed by the Principal from time to time. At present the charge is Rs. 9 per month. The full messing fees are charged every month.

15. The following admission fees are charged:—

| | Rs. |
|---|---|
| Admission to school ... ... ... | 2 |
| Admission to hostel (Hindu students only) ... | 2 |
| Admission to Athletic Club ... ... | 1 |

A caution money deposit of Rs. 5 must be made, which will be returned after the close of the session, subject to deduction on account of fines, non-payment of fees, loss of or damage to, school or mess properties.

16. The following monthly fees payable for twelve months are charged:—

Tuition fees—

| | Rs. | A. |
|---|---|---|
| First year students ... ... ... | 3 | 0 |
| Second year students ... ... ... | 4 | 0 |
| Special students ... ... ... | 5 | 0 |
| Seat rent ... ... ... | 1 | 0 |
| Athletic fees ... ... ... | 0 | 8 |
| Reading room ... ... ... | 0 | 2 |
| Furniture rent ... ... ... | 0 | 4 |
| Sweeper's pay ... ... (about) | 0 | 2 |

17. All payments must be made in the Principal's office. The messing fee is payable in two instalments, the first instalment being due on the last open day of the month previous to that for which it is charged. The second instalment of messing is payable on the 15th of every month. The tuition and other fees are payable on the 7th day of the month. A fine of Re. 1 for every three days' delay after the due date is charged for messing fee. The delay fine for the tuition fee, etc., is one anna per day. If the payment is not made during the month, the defaulting student's name shall be struck off the school books. Such students shall not be re-admitted until he has paid in all arrears together with any fine which may be due from him and a re-admission fee of Rs. 5.

18. Four scholarships to the value of Rs. 10 each per month tenable for twelve months are awarded every year to the First year students on the result of a special examination held shortly after admission.

19. Four scholarships to the value of Rs. 10 each per month tenable for twelve months are awarded every year to the Second year students on the result of the Amin Examination.

20. Boarding stipends payable for twelve months at the following scale are granted to the residential Muhammadan students:—

| Number of resident Muhammadan students. | Value of monthly stipend paid to each student. |
|---|---|
| | Rs. |
| 1 | 6 |
| 2 | 5 |
| 3-4 | 4 |
| 5-8 | 3 |

## Extracts from Standing Rules for students.

1. Students are expected to attend 100 per cent. of the works, and those who have not put up at least 75 per cent. of possible attendances in class and 80 per cent. in field work are not allowed to appear at any examination of the Survey Education Advisory Board.

2. Ordinarily students are not granted leave out of the school for more than ten days during a session. Such leave is granted only on a requisition from the bona fide guardian of the student concerned.

3. Students are excused from attending the class or the field on medical grounds on the recommendation of the school medical officer. But frequent absence on medical grounds may render a student unfit for the course.

4. Students must provide themselves with drawing instruments, books and all other necessaries within a week of the opening of each session.

5. Breaches of discipline are dealt with according to the rules in force in the Education Department.

6. During work out of doors students should wear shorts and shirts. Wearing sola topee is also recommended.

**Ahsanullah School of Engineering, Dacca.**

Dacca, the 10th June 1935.

*Admission of Students—Session 1935-36.*

The school reopens after summer vacation on 2nd July 1935.

The Principal will proceed with the selection of candidates for admission into the various classes of the institution one week after the results of the Matriculation Examination of the Calcutta University are published in the *Calcutta Gazette*. Candidates for admission should submit their applications on the prescribed form which must reach the office of the institution (on or before the 21st June next). If the results of the Calcutta University are not out by that date applications will be received within a week of the publication of the results in the Government Gazette.

Prospectus and forms for application may be obtained from the office of the institution by candidates appearing personally or on application with a three-fourth anna stamp. Forms are not sent by post unless the necessary stamp is enclosed with the application.

The selection will ordinarily be made after a personal interview and the selected candidates must pay all dues and enrol themselves by the date specified at the time of selection. Physical fitness and sportsmanship will be taken into consideration in selecting the candidates.

The rates of tuition fees are as follows:—

Sub-overseer classes—Rs. 6 a month.
Overseer classes—Rs. 7 a month.

Fees are in case of first admission payable from June 1935. Besides, an admission fee, which is equal to one month's tuition fee, is charged at the time of admission and students are required to contribute to the following funds as follows:—

School examination fund—Re. 1 (annual).
Games fund—Rs. 3 (annual).
Common room fund—As. 12 (annual).

They are also to deposit caution money at the time of admission—

Caution money for library—Rs. 5.
Caution money for laboratory—Rs. 5.
Caution money for workshop—Rs. 5.

Applications for admission to the hostel, both Hindu and Muslim, of the institution should be made to the Superintendents of the hostels concerned on admission to the institution.

This institution has an up-to-date and well-equipped workshop where there is at present provision for the training of students in the following small scale industries and vocational courses:—

(1) General carpentry work and furniture-making.
(2) Blacksmithy, manufacture of cutlery, oxy-acetylene work.
(3) Foundry and pattern-making, tin-smithy, nickel-plating, spray painting, cushion and hood-making.
(4) Motor car mechanism, repair of lawn-mowers, gramophones, and various other types of machinery.
(5) Turner's work, manufacture of machine parts.
(6) Running of oil engines and dynamos, repairing and charging of automobile batteries, manufacture of torch batteries.

The Overseer and Sub-Overseer students in addition to their normal routine work in the workshops are given opportunity to specialise in any of the above industries and to experiment upon new industries under the guidance of their teachers, so that those students who have predilection for independent business can do so on completion of their course of training in this institution.

A. KHALIQ, *Secretary.*

**Burdwan Division.**

Chinsura, the 8th June 1935.

**Rules for the admission of Private Candidates to the Calcutta University Matriculation Examination, 1936.**

1. Private students are those who have not attended any recognized or unrecognized High English School for at least one year previous to the Matriculation Examination. The term "private students" includes teachers of schools.

2. Private candidates must appear at the Test Examination to be held on Monday, the 9th December 1935, and the following days at any of the Government High Schools in the districts of Hooghly, Howrah, Bankura and Birbhum or at the Bengal-Nagpur Railway Indian High School at Kharagpur.

3. Applications for admission to the Test Examination must be supported by the following particulars:—

(*a*) Leaving certificate (in original) granted to the candidate by the headmaster of the recognised school in which he last read, or an affidavit sworn by the guardian before a competent Court that the candidate has never attended any school.

In the case of a candidate who previously appeared at the Entrance or Matriculation Examination, the Registrar's or Controller's receipt (in original) for the fee paid.

(*b*) A documentary evidence (such as horoscope or an affidavit sworn by the guardian before a competent Court), regarding the age of the candidate who never attended any recognised school. No candidate is eligible who has not completed the age of fifteen years on the first day of the Matriculation Examination.

(*c*) A certificate from a respectable gentleman other than a relative to the effect that the candidate has prosecuted a regular course of study and has been subject to proper discipline, and that he was not attached to any school since the last Matriculation Examination held in March 1935. Detailed information is needed under this head. The person granting the certificate should state his social or professional position.

(*d*) In the case of school masters, a certificate of good conduct from the Secretary of the school in which the candidate is serving.

(*e*) Names of subjects in which the candidate wishes to be examined.

(*f*) Home address in full—Village or name of street, post office, thana and district.

(*g*) Ordinary place of residence (address in full); and duration of residence.

(*h*) Father's name, as well as guardian's name, and address.

4. Each private candidate will have to pay a fee of Rs. 5, which should be remitted to the Inspector of Schools, Burdwan Division, Chinsura, along with his application for admission to the Test Examination by the 16th November 1935, after which date a fine of Rs. 2 will have to be paid for each week's delay. **Under no circumstance will the admission fee be refunded.** No private candidate will be admitted to the Test Examination unless he is accompanied, for the purpose of identification, by some person known to the office of the Inspector of Schools, Burdwan Division, or to the staff of the school where he will appear. **Those who are not bona fide residents of the Burdwan Division will not be admitted to the Test Examination.**

5. **The fee for the Matriculation Examination should NOT be sent to this office.** It should be sent to the Controller of Examinations by the candidate himself, together with his application countersigned by this office.

6. The Matriculation Examination for 1936 will be held on the dates as declared by the University.

**Intermediate and B.A. Examinations.**

1. Subdivisional Inspectors of Schools, Sub-Inspectors of Schools and *bonâ fide* teachers of English schools, who have served as such for the full period of three academical years preceding the examinations, will be admitted to the abovementioned examinations.

2. Candidates for the Intermediate and B. A. Examinations must produce certificates of character and length of service from the Secretaries of their respective schools. Candidates for the B. A. Examination must forward with their applications their F. A. or I. A. certificates, and those for the Intermediate Examination their Entrance or Matriculation certificates. Candidates admitted to a former examination must produce the Registrar's receipt in addition.

3. Under section 19 of the Indian Universities Act, candidates for the Intermediate and B. A. Examinations are informed that their applications for admission to these examinations will not be considered unless they enclose with their applications to this office the sanction of the Senate to appear at the said examination. Candidates, who have applied for or have obtained the special permission of the Senate for the purpose, are required, under section 9, Chapter XV of the Revised Regulations dealing with the registration of University students, to apply at once to the Registrar for the registration of their names as University students. No person will be deemed a "University student", unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University examination other than the Matriculation.

4. The printed form of application should be carefully and correctly filled in and submitted to this office on or before the 20th December 1935 at the latest, together with other papers as mentioned in rules 2 and 3, after which no application will be received.

5. The dates of Intermediate and B. A. Examinations of 1936 may be obtained from the Controller of Examinations, Calcutta University.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

## DISTRICT REPORTS ON WEATHER AND CROPS.

**For the week ending on the 12th June 1935.**

**Summary.**—Excepting heavy showers in places the rainfall was generally light to moderate. Preparatory tillage for winter paddy has commenced under favourable conditions More rain is still needed for the sowing of autumn crops in parts of West and North Bengal; weeding continues The recent rainfall has done good to the standing crops During the week ending Saturday, the 8th June 1935, 6,346 persons attended different relief centres and 836 persons received gratuitous relief in the distressed areas of Murshidabad. In Birbhum and Bankura, 6,936 and 1,188 persons, respectively, were employed on test relief works on Saturday, the 8th June 1935. 17 persons also received gratuitous relief at Gangajalghati circle in Bankura. The average price of common rice for the province has risen by about 0·86 per cent. as compared with that of the previous week.

DARJEELING, THE 21ST JUNE 1935.

### RESOLUTION—No. 1070A.—D.

The local Government have recently re-examined, with particular reference to their resolution No. 915 A. R., dated the 28th December 1934, in which were enumerated the castes recommended for the consideration of His Majesty's Government as suitable for inclusion in the List of Scheduled Castes for Bengal, the suitability of the existing lists of minority communities and backward classes for whose benefit special rules have from time to time been framed in connection with recruitment to the Public Services in the province.

2. At present such communities and classes are enumerated in two lists—

(*a*) that contained in Schedule II of the Provincial Services Recruitment Rules published with Government notification No. 7183-A., dated the 22nd May 1930, in which they are described as minority communities and backward classes, and

(*b*) a list of "backward classes" compiled for purposes of recruitment to ministerial services.

The two lists, though many entries are common to each, are not entirely identical.

3. The Government of Bengal have now decided that in connection with recruitment both to the Provincial Services and to Subordinate Services, including ministerial services, one list of minority communities and backward classes shall be maintained, based mainly on the

list of Scheduled Castes shown in this Government resolution No. 915-A.R., dated the 28th December 1934, as subsequently amended by notification No. 37 A R.—D., dated the 24th April 1935, but with the addition of three castes, viz., Khandait, Koiri and Kulu, and certain minority communities, viz., Anglo-Indians, Buddhists, Indian Christians, Hill Tribes of the Himalayas and foothills, and of the Chittagong Hill Tracts, and aboriginal tribes in general.

4. The list now approved by Government is attached to this resolution.

By order of the Governor in Council,

G. P. HOGG,

*Chief Secy. to the Govt. of Bengal.*

## Rules regarding sanitary inspection of schools and colleges and medical inspection of school children.

### *Sanitary inspection of schools and colleges.*

1. For the purposes of these rules "Health Officer" shall include any registered medical practitioner appointed by the Municipal Commissioners.

2. The Health Officer or Sanitary Inspector shall inspect every educational institution situated within the municipality.

3. Before visiting any institution such officer shall give three clear days' notice to the principal or head teacher, stating the time and date of his proposed visit.

4. Such inspections shall be carried out at least once every year. In addition to such inspections the Health Officer may pay surprise visits without notice from time to time.

5. Such inspections shall be carried out in respect of (*a*) surroundings, (*b*) playgrounds, (*c*) accommodation, (*d*) light, (*e*) ventilation, (*f*) water-supply, (*g*) cleansing and conservancy, (*h*) sanitary arrangements, (*i*) class equipment, (*j*) dormitory and hostel arrangements.

6. The Health Officer or Sanitary Inspector shall compile and submit through the Chairman to the Director of Public Health, the Director of Public Instruction and the Registrar, Calcutta University (or in the case of colleges and schools situated within the Dacca Municipality and of high Madrasahs situated within any municipality to the Secretary to the Board of Intermediate and Secondary Education, Dacca), before the 31st January every year an annual report of all sanitary inspections of educational institutions carried out by him during the preceding calendar year.

### *Medical inspection of school children.*

7. The Health Officer shall medically inspect every child reading in a primary or secondary school within the municipality on three separate occasions :—

(*a*) first, as soon as possible after admission to the school—up to the age of eight years (entrant) ;

(*b*) second, between the ages of nine and thirteen years (intermediate) ;

(*c*) third, at the age of fourteen years or more (leaver) :

Provided that a girl of or above the age of nine years shall not be examined except by a female medical practitioner.

8. Before visiting any such school, the Health Officer shall give seven clear days' notice to the head teacher, stating the time and date of his proposed visit in the manner prescribed in Form No. 1 and the head teacher shall forthwith communicate the fact to the parent or guardian of each child to be examined, in the manner prescribed in Form No. 2.

The parent or guardian shall also be requested to report in the manner prescribed in Form No. 7 whether the child had any of the diseases mentioned in the form and also the cause of death, if any, of his or her parents.

9. As far as possible the medical inspection shall be conducted in a quiet room or enclosure in the school premises.

10. For the purpose of medical inspection the Commissioners shall provide the requisite apparatus including a weighing machine, a height standard, a roller tape measure, a tongue depressor, an aluminium or enamelled iron basin, a tablet of soap, a clean towel, a bottle of disinfectant, an eyesight testing card and coloured wool.

11. Such medical inspections shall be carried out with the following objects, viz.—(*a*) ascertainment of the actual health conditions of the school going-population—such as height, weight, nutrition, mental condition, (*b*) early recognition of undiscovered ailments and defects, physical and mental, (*c*) early recognition of infectious diseases and exclusion from attendance in school of children so affected, (*d*) exclusion from physical exercises and games of children unfit to take part in them.

12. Before the arrival of the Health Officer the head teacher shall fill up or cause to be filled up the schedule of information in parts I, II and III of Form No. 3 in respect of each child.

13. The results of medical inspection shall be recorded by the Health Officer in Form No. 3 and kept in the personal custody of the head teacher. Every child inspected shall be allotted a separate form for the purpose. As soon as a form is complete or is no longer required for medical inspection, it shall be returned by the head teacher to the Health Officer.

14. At the conclusion of the medical inspection, the Health Officer shall, in the manner prescribed in Form No. 4 or 5 as the case may be, notify the parents or guardians of those children, who, in his opinion, require medical aid and enter the number so notified in Table II of Form No. 6.

15. The Health Officer shall compile in Table I of Form No. 6, and submit through the Chairman to the Director of Public Health and to the Director of Public Instruction before the 31st January every year, an annual report of all such medical inspections carried out by him during the preceding calendar year.

*School clinics and follow-up work.*

16. Wherever possible the Commissioners shall establish school clinics in dispensaries or other convenient places for the treatment of minor ailments discovered during medical inspection of school children.

17. The Health Officer may make adequate arrangements for the following-up of cases notified under rule 14 to parents or guardians of children for home treatment.

School.

To the Parent or Guardian of

The Health Officer is about to make a medical inspection of the childern of this school and will examine your child on at o'clock. This inspection offers a valuable opportunity for the early discovery of ailments and defects which, if neglected, may greatly interfere with the child's progress during school life and afterwards. It is, therefore, very important that you should make every effort to be present or send your representative when he (or she) is being inspected.

Any suggestions received by the undersigned before 1st August 1935 will be taken into consideration.

### Regulations.

*Licensing Board.*

1. *Appointment of Licensing Board.*—For carrying out the purpose of these regulations a Licensing Board (hereinafter referred to as "the Board") shall be appointed.

2. *Constitution of the Board.*—The Board shall consist of—

(*a*) the Electrical Adviser to Government (*ex-officio*) who shall be the President,

(*b*) an Electrical Inspector to Government (*ex-officio*) who shall be the Secretary,

(*c*) an officer of the Eastern Bengal, East India or Bengal Nagpur Railway,

(*d*) a member of the staff of the Bengal Engineering College,

(*e*) a member of the staff of the Calcutta Technical School,

(*f*) a representative of the Bengal Chamber of Commerce,

(*g*) a representative of the Bengal National Chamber of Commerce,

(*h*) two representatives of the Electrical licensees in Bengal,

(*i*) a representative of the Electrical Contractors in Bengal:

Provided that no person may be appointed a member under (*c*), (*f*), (*g*), (*h*) and (*i*) unless he is a Corporate Member of the Institution of Civil Engineers or the Institution of Electrical Engineers, or the Institution of Mechanical Engineers, or the Institution of Engineers, India.

3. *Term of appointment.*—The term of appointment of members other than *ex-officio* members of the Board shall be three years.

4. *Vacancies.*—If a member leaves the province or is absent for a period of more than six months, another person may be appointed in his place for the unexpired portion of the absent member's term.

5. *Functions of the Board.*—The functions of the Board shall be:—

(*1*) to grant licenses to approved electrical contractors;

(*2*) to conduct examinations for supervisors and electrical workmen;

(*3*) to grant certificates of competency to supervisors and permits to electrical workmen;

(*4*) to enquire into allegations of incompetency, negligence or malpractices on the part of a workman, supervisor, or contractor holding a permit, certificate or license granted by the Board or of breach of a condition of a license on the part of a contractor holding a license granted by the Board and to take such action in respect of such permit, certificate or license as may be considered necessary;

(*5*) to maintain a register of licensed contractors and of all persons holding certificates of competency or workmen's permits; and

(*6*) generally to carry out the provisions of these regulations.

6. *Meetings of the Board.*—The Board shall meet once in six months and at such other times as may in the opinion of the President be necessary for transacting business, which cannot be disposed of by circulation of papers. At least seven days' notice of all meetings shall be sent to each member and each nominating body.

7. *Quorum.*—The President and/or the Secretary together with five other members shall form a quorum at any meeting of the Board

8 *Chairman of meeting.*—The President or, in his absence, such one of the members present as may be elected by the meeting, shall be the Chairman of the meeting.

*Examinations.*

9 *Examinations.*—Examinations shall be held at such places and on such dates as may be notified by the Secretary to the Board from time to time in the *Calcutta Gazette*.

10. Every examination shall be of such a nature as to test the practical knowledge of the candidate and to ascertain his competency to the satisfaction of the Board.

11. Every examination shall be conducted in a place where the candidate's knowledge can be practically tested and each candidate shall be tested *viva voce*.

12. *Applications for admission to the examinations.*—Every candidate for admission to examination shall make an application in Form A and shall forward the application duly filled in to the Secretary to

the Board not less than twenty-one days before the date fixed for the examination together with:—

(*a*) testimonials of—

(*i*) good character,

(*ii*) practical experience as an electrical workman.

(*b*) electrical workman's permit, if any;

(*c*) a challan in support of payment of the fee; and

(*d*) two copies of a recent photograph (size $2'' \times 2\frac{1}{4}''$) one of which should bear his signature, on the back.

13. The fee paid by a candidate, whose application for an examination has been accepted shall not be refunded to him on any account: Provided that the Board may allow a candidate who was prevented from appearing at the examination to appear at a subsequent examination without further payment.

14. *Examination for electical workmen.*—The examination for electrical workmen is intended for operative electrical workmen as distinct from supervising electrical workmen.

15. *Qualifications.*—Candidates for examination for electical workmen shall be persons—

(*a*) who have been trained under a licensed electrical contractor for at least two years, or

(*b*) who have received other electrical training which is considered satisfactory by the Board.

16. *Syllabus for examination for electrical workmen.*—Candidates for the examination of electrical workmen shall be examined practically in installation work and by an oral and practical test covering any or all of the following subjects:—

(*a*) Ascertaining the sizes of wires of solid and stranded conductors.

(*b*) Use of test lamps.

(*c*) Use of bell and battery for sorting out circuits.

(*d*) Methods of testing polarity and phasing out circuits.

(*e*) Connections and diagrams for distribution boards, ceiling roses, plugs and sockets, lampholders, A. C. and D. C. fans with regulators, and switches (including two way).

(*f*) Wiring of fittings and other domestic consuming devices,

(*g*) Wiring systems of the following kinds:—

Cleat, woodcasing, lead covered, cab-tyre sheathed, and conduit.

(*h*) Methods of erecting aerial lines, bare, and covered with insulating material.

(*i*) The installation of electric bells and indicators operated from electric supply lines.

(*j*) Jointing and soldering:—

(*a*) Making straight and Tee joints in solid and stranded conductors and soldering them.

(*b*) Making Britannia and other approved joints in bare aerial lines and soldering them.

(*k*) Soldering lugs and sockets on wires and cables and finishing off and insulating.

(*l*) Testing for faults and measuring insulation resistance.

(*m*) Action to be taken and method of treatment in case of a person suffering from electric shock.

*Note.*—The syllabus may be added to or amended from time to time as may be considered necessary by the Board.

17. *Grant of permit to electrical workmen.*—Every candidate who passes the examination for electrical workmen shall be granted a permit in Form C. Permits shall be renewed annually. The fee for renewal shall be rupee one.

18. *Examination for supervisors.*—The examination for supervisors is intended for electrical workmen who will directly supervise installation work.

19. *Qualifications.*—Candidates for the examination for supervisors must—

(*a*) have passed the examination for electrical workmen; and

(*b*) have at least five years' practical experience which is regarded as satisfactory by the Board:

Provided that notwithstanding clause (*a*) of this regulation the Board may, during the first two years in which these regulations are in force, permit any person they think fit to offer himself for the examination for supervisors.

20. *Syllabus of examination for supervisors*:—

(*a*) Candidates for examination for a certificate of competency shall be examined by a written paper and by an oral and practical test.

(*b*) For the purpose of these regulations all electrical installation work will be divided into four classes. A candidate who can satisfy the Board as to his competency in all classes of work shall be granted a general certificate of competency which will entitle him to supervise all electrical installation

work. Candidates who fail to qualify for a general certificate of competency or who offer themselves for examination in certain classes only may be granted a certificate of competency in respect of such class or classes of work as the Board may decide and such certificate will entitle the holder to supervise only electrical installation work of the nature specified therein.

(*c*) Applicants for certificates of competency will be required to pass examination in accordance with the syllabus as follows:—

*Class A—General.*—Examination based on Part I to Part V, inclusive.

*Class B—Industrial and Domestic Installations.*—Examination based on Part I, Part II, Part III and Part IV(*a*).

*Class C—Domestic Installations only.*—Examination based on Part I, Part II and Part IV(*a*).

*Class D—Overhead Mains only.*—Examination based on Part I and Part IV(*a*).

*Class E—Underground Cables only.*—Examination based on Part I and Part IV(*b*).

*Note.*—Part V contains special subjects examination in which is optional. Any person wishing to obtain a certificate of competency to supervise work of the nature specified in (*a*), (*b*), (*c*) or (*d*) of this part shall offer himself for examination in that subject.

*Syllabus for Supervisors.*

Part I.

(*a*) *Electrical properties of materials.*—Conductors and insulators. The effect of commonly occurring conditions such as moisture, heat, etc. Conditions which hasten deterioration.

(*b*) *Magnetic properties of materials.*—The magnetization of iron by electric currents, electro-magnets, and application of the magnetic circuit.

(*c*) *Conductors bare and insulated.*—Their resistance, conductance and safe current carrying capacity, calculation of sizes of conductors for connected load with due regard to heating and voltage drop. Grades and classes of insulated cables and their suitability for installation work.

(*d*) *Electrical measurements.*—Application of Ohm's Law to simple methods of ascertaining resistance, voltage and current. Ammeters, voltmeters, ohmmeters, wattmeters, ampere-hour meters, kilowatt-hour meters, power factor meters, frequency meters, synchroscopes and the principles upon which they work.

(*e*) *Indian Electricity Act and Rules.*—A general knowledge particularly of Chapters V and VI of the rules.

(*f*) *Electric shock.*—Action to be taken, method and duration of treatment in cases of persons suffering from electric shock.

(*g*) *Drawing.*—Making dimensioned sketches and reading drawings (plans, elevations and sections) power and lighting circuit diagrams.

Part II.

(*a*) *Wiring systems of the following types.*—Cleat, wood-casing, lead covered, cab-tyre sheathed, conduit, and armoured cable, their suitability for different kinds of installation work, their installation

maintenance and repair, systematic testing of installations for continuity, leakage, and insulation resistance, earthing and testing of earth connections, main switches and cut-outs, distribution boards, and correct installation of switches.

(*b*) *Electrical appliances.*—Heaters, cookers, refrigerators, etc., electric bells and indicators worked off electric supply lines.

Part III.

(*a*) *Generators.*—*D.C.* Series, shunt and compound wound, elementary theory, installation, connection, operation, care and maintenance, parallel running of machines, balancers.

*A.C.* Single and polyphase, elementary theory, installation, connection, operation, care and maintenance, parallel running of machines, rotary converters.

(*b*) *Motors.*—*D.C.* Series, shunt and compound wound, elementary theory, their uses, installation, connection, operation, speed control, care and maintenance.

*A.C.* Single and polyphase, induction and synchronous machines, elementary theory, their uses, installation, connection, operation, speed control, care and maintenance.

(*c*) *Control Gear.*—The various types of switches, fuses, starters, controllers, regulators, their uses, installation, connection, care and maintenance.

(*d*) *Transformers.*—General principles, elementary calculations, various types and uses, installation, connection, parallel running, care and maintenance, testing and phasing out.

Part IV.

(*a*) *Aerial lines.*—General principles of construction, strength of posts, length of spans, spacing of conductors, cross arms, wind pressure, tension in wires, sag, effect of temperature snow and ice, guys, struts, guard wires, safety devices, earthing, lightning arresters and conductors, testing.

(*b*) *Underground cables.*—General principles of laying direct in ground, in troughs, and in pipes, handling, bending, jointing, plumbing, underground and above ground joint boxes, junction boxes and distribution boxes and pillars, joint box compounds, melting of compounds, filling boxes with compound.

*Note.*—The syllabus may be added to or amended from time to time as may be considered necessary by the Board.

Part V.

(*a*) *Secondary batteries.*—The chief types, their installation and practical treatment, estimation of capacity, precautions in charging and discharging, testing state of cells by hydrometer and voltmeter, battery boosters their connection and operation, regulating cells and switches.

(*b*) *Electric pumps.*—General principles elementary calculations of heat, power, and energy consumption, their installation, connection, care and maintenance.

(*c*) *Electric signs.*—Filament lamp signs and electric discharge lamp signs such as NEON, etc., their installation, connection, operation, and precautions to be taken.

(*d*) *Electric lifts.*—General principles, controller and cam switch, push button control, connection, safety devices, care and maintenance.

21. *Grant of certificates of competency to supervisors.*—Every candidate who passes the examination in one or more of the classes of electrical installation work specified in regulation 20 shall be granted a certificate of competency in Form B.

The Board may grant a certificate of competency in Form B to any person who satisfies the Board that his technical qualifications and practical experience are such as to justify the grant of a certificate of competency without requiring him to sit for the examination.

22. *Renewal.*—Certificate of competency shall be renewed annually. The fee for renewal shall be Rs. 2.

23. *Grant of duplicate certificate or permit.*—On being satisfied that an original certificate or permit granted under these regulations has been lost or destroyed, the Secretary may on application grant a duplicate. The charge for such duplicate shall be:—

Rupees 12-8 for a certificate of competency as supervisor.

Rupees 2-8 for a permit.

*Licenses to Electrical Contractors.*

24. *Grant of electrical contractor's license.*—An Electrical Contractor's License shall be granted only to a person (or a firm) who has in his possession the instruments necessary for carrying out such tests as are required under the Indian Electricity Rules, 1922, and who either himself holds a supervisor's certificate of competency and personally executes or supervises all work undertaken by him, or who has in his sole employ a supervisor holding a certificate of competency, under whose direct supervision all work undertaken by him is carried out:

Provided that a license shall not be granted to a supervisor so long as he is employed by a licensed contractor.

25. *Application for contractor's license.*—Applications for a contractor's license shall be made to the Secretary to the Board in Form D.

26. *Form of contractor's license.*—The electrical contractor's license shall be in Form E and the grant of license is subject to the conditions set out therein.

27. *Register of contractors.*—A register of all licensed electrical contractors shall be maintained by the Secretary and published annually in the *Calcutta Gazette*. Copies shall be kept in the office of the Chief Electric Inspector to the Government of Bengal, and shall be available to the public on payment of Re. 1 per copy.

28. *Renewal of contractor's license.*—Every electrical contractor's license granted under these regulations shall be renewed annually. Applications for renewal together with the license shall be submitted to the Secretary at least one month before the date of expiry of the license. In the event of a licensed contractor failing to renew a license within one month from the date of expiry, the license shall be cancelled and the full initial fee will be charged for the issue of a new license.

29. *Grant of duplicate of contractor's license.*—A duplicate of an electrical contractor's license granted under these regulations shall be issued on payment of a fee of Rs. 20 on certification by the applicant of the loss of the original license to the satisfaction of the Secretary.

*Misconduct of Licensed Contractors, Supervisors and Electrical Workmen.*

30. *Report of negligence.*—Where in the opinion of a licensee or a person for whom any electrical installation is being or has been carried out, such work is not in accordance with the Indian Electricity Rules, 1922, the matter shall be reported by such licensee or person to the Secretary to the Board for such action as may be necessary.

31. *Malpractice or infringement of regulations to be reported.*—If any person holding an electrical workmen's permit or a supervisor's certificate of competency or an electric contractor's license is found by the Board to be guilty of negligence, incompetency or a breach of these regulations or of the conditions of his license, the Board may suspend or cancel such permit, certificate or license. The decision of the Board shall be final.

*Licensees carrying on the business of Electrical Contractors.*

32. *Licensees to obtain contractors' licenses.*—No electrical installation work shall be carried out by a licensee unless he has obtained an electrical contractor's license and employs a staff of supervisors and electrical workmen in compliance with these regulations.

33. *Cancellation of license granted to licensees.*—An electrical contractor's license granted to a licensee shall be liable to be withdrawn or cancelled if in the opinion of the Board preferential treatment resulting in unfair competition with local contractors is given to prospective consumers.

*Fees.*

34. *Fees.*—The following fees shall be levied under these regulations for:—

### NOTIFICATION.

No. 16Mne. — 13th June 1935. — The following draft by-laws, which, in exercise of the powers conferred by clauses (*b*) and (*c*) of sub-section (*1*) of section 126 of the Calcutta Port Act, 1890 (Bengal Act III of 1890), the Commissioners for the Port of Calcutta propose to make to regulate the importation and shipment of gases and liquids in cylinders under pressure, subject to the confirmation of the local Government, in supersession of the by-laws published under this department notification No. 2Mne., dated the 15th January 1924, are published for the information of persons likely to be affected thereby, as required by sub-section (*4*) of the said section :—

### Draft by-laws.

Packages consisting of cylinders containing gases and liquids under pressure shall not be discharged from or shipped into vessels at the Docks (including Garden Reach Jetties) and the Calcutta Jetties in the Port of Calcutta except in accordance with the following conditions, namely :—

1. Cylinders shall comply in every respect—

(*a*) in the case of "Permanent" gases, including coal gas, hydrogen and oxygen, either with the recommendations made by the Home Office Committee appointed in 1895, except that they need not be re-annealed or with those made in the first report of the Gas Cylinders Research Committee of the Department of Scientific and Industrial Research, as summarised in the summary of recommendations issued in 1929, and

(*b*) in the case of "Liquefiable" gases, including ammonia, carbon-dioxide, chlorine, ethyl chloride, hydro-cyanic acid, methyl chloride, nitrous oxide, phosgene and sulphur dioxide, either with the recommendations of the Home Office Committee appointed in 1895, except that they need not be re-annealed, or with those made in the fourth report of the Gas Cylinders Research Committee of the Department of Scientific and Industrial Research, the cylinders being filled in accordance with the filling ratios given in the latter report.

When a compressed gas is carried in cylinders, the shippers shall produce a certificate to the effect that the recommendations of the appropriate Committee have been complied with and that the cylinders have been tested within the last two years.

2. Cylinders shall be packed and protected in the following manner :—

| | |
|---|---|
| (*i*) Cylinders of air, atmospheric over 8 feet in length and 10 inches in diameter. | Each cylinder (including the valve) shall be packed in a strong case. |
| Cylinders of air, atmospheric up to 8 feet in length and 10 inches in diameter. | May be accepted naked provided a squared metal shoe or collar is fitted at each end of the cylinder |
| Coal gas, hydrogen, nitrous oxide and oxygen. | Each cylinder, which is not fitted with a squared metal shoe or collar at each end shall, including the valve, be securely packed in one of the following ways :— |

(*a*) In a cover of continuous wood lagging not less the 3/4 inch thick.

(*b*) In a cover of closely plaited 1 inch (circumference) hemp or coir.

(*c*) In a strong case, except that such case may contain more than one cylinder, provided the cylinders are closely packed within the case and the gross weight of the case and contents does not exceed 2½ cwts.

| | |
|---|---|
| (*ii*) Cylinders of anhydrous ammonia, carbonic acid gas, chlorine, methyl chloride, phosgene, sulphuretted hydrogen and sulphurous acid gas. | May be accepted naked provided the valves are completely recessed in the cylinders or completely protected by screwed metal caps and a squared metal shoe or collar is fitted at each end of the cylinder. |
| | Each cylinder, the valve of which is not completely recessed or capped and which is not fitted with a squared metal shoe or collar at each end, shall, with the valve, be securely packed in one of the ways mentioned above. |

3. All cylinders shall be sufficiently marked so as to be easily identifiable as containing gas or liquid under pressure.

4. Discharge and loading at night will not be permitted.

5. Cylinders may be discharged on to the quay and removed to Transit Sheds, Hazardous Godown or other place set aside for such purpose, if delivery is not effected by the consignee immediately on landing.

6. Cylinders may also be accepted at the Transit Sheds for shipment.

7. Rules 5 and 6 do not apply to cylinders, the gross weight of which is 15 cwts. or over. Such cylinders shall be taken delivery of from the ship's side immediately on landing and, in case of export, shall be shipped immediately on arrival on Dock or Jetty premises.

8. After being landed and until removed or placed in the Hazardous Godown or after being received for shipment all cylinders shall be adequately protected from the sun's rays by a suitable covering.

9. Cylinders containing gases and liquids under pressure shall not be unloaded or stored with inflammable liquids or empties, which have contained inflammable liquids, nor placed near a fire or exposed to other sources of heat.

### Orders and Notifications by the Government of India republished for general information.

**HOME DEPARTMENT.**

NOTIFICATIONS.

ESTABLISHMENTS.

Simla, the 13th June 1935.

No. F. 337/34.—The following resolution by the Secretary of State for India in Council is published for general information:—

In exercise of the powers conferred by sub-section (2) of Section 96C of the Government of India Act, the Secretary of State for India, with the concurrence of the majority of votes at a meeting of the Council of India held this 21st day of May 1935, hereby makes the following amendments in the Public Service Commission (Functions) Rules, 1926, namely:—

I. In Part I of the said rules, for rule 2 the following shall be substituted, namely:—

"2. In these rules, the expressions, 'All-India Services,' 'Central Services, Class I', 'Central Services, Class II', 'Provincial Services', 'Specialist Services', 'Railway Services, Class I', and 'Railway Services, Class II,' shall have the meanings assigned to them in the Civil Services (Classification, Control and Appeal) Rules, or the Railway Services (Classification, Control and Appeal) Rules, as the case may be, and the terms 'Commission' and 'Member', the meanings assigned to them respectively in the Public Service Commission (Conditions of Service) Rules, 1926."

II. In Part II of the said rules,

(*i*) for the heading "A—ALL-INDIA SERVICES, AND CENTRAL SERVICES, CLASS I", the following shall be substituted, namely:—

"A—ALL-INDIA SERVICES, CENTRAL SERVICES, CLASS I, AND RAILWAY SERVICES, CLASS I."

(*ii*) in rules 3 and 6, after the words "Central Service, Class I" the words, "or a Railway Service, Class I", shall be inserted.

(*iii*) for rule 7, the following shall be substituted, namely:—

"7. Notwithstanding anything contained in these rules—

(*i*) it shall not be necessary for the Governor General in Council to consult the Commission in regard to the selection for appointment to a Central Service, Class I, or a Railway Service, Class I, of any officer holding His Majesty's Commission, or who is already a member of an All-India Service, or a Central Service, Class I, or a Railway Service, Class I;

(*ii*) the Governor General in Council may by Notification in the Gazette of India exclude any post or posts included in a Central Service, Class I, or a

Railway Service, Class I, from the operation of rule 5 or rule 6 of these rules, which shall thereupon, to the extent of that exclusion, cease to apply."

(*iv*) for the heading—"B—Provincial Services, Central Services, Class II, and Special Posts", the following heading shall be substituted, namely:—

"B—CENTRAL SERVICES, CLASS II, RAILWAY SERVICES, CLASS II, PROVINCIAL SERVICES, AND SPECIALIST SERVICES."

(*v*) for rule 8, the following shall be substituted, namely:—

"8. The Commission shall, if so required by the Governor General in Council, perform the same functions in regard to recruitment to any Central Service, Class II, or Railway Service, Class II, or to any specialist service to which appointment is made by the Governor General in Council as it is required by rules 3 to 5 to perform in the case of any Central Service, Class I, or Railway Service, Class I."

(*vi*) in rule 9, for the words, "special post" the words "specialist service", shall be substituted.

III. In Part III of the said rules,

(*i*) for the heading, the following heading shall be substituted namely:—

"*Functions of the Commission in regard to disciplinary and other orders, appeals and memorials.*"

(*ii*) for rule 10, the following shall be substituted, namely:—

"10. The Governor General in Council shall—

(*a*) before considering any appeal presented to him in accordance with the rules in Part XIII of the Civil Services (Classification, Control and Appeal) Rules, or Part VIII of the Railway Services (Classification, Control and Appeal) Rules, or

(*b*) before passing any original order imposing any of the penalties specified in clauses (*ii*), (*iii*), (*iv*), (*vi*) or (*vii*) of rule 49 of the Civil Services (Classification, Control and Appeal) Rules, or of rule 29 of the Railway Services (Classification, Control and Appeal) Rules, consult the Commission in regard to the order to be passed.

Provided that it shall not be necessary for the Governor General in Council to consult the Commission in any case in which the Commission has at any previous stage given advice as to the orders to be passed and no fresh question has thereafter arisen for determination."

(*iii*) in rule 11 for the words, "the Statutory Appeal Rules", the following shall be substituted, namely:—

"the rules in Part XIII of the Civil Services (Classification, Control and Appeal) Rules, or Part VIII of the Railway Services (Classification, Control and Appeal) Rules".

(*iv*) in rule 12, for the words, "an All-India or a Central Service", the words "an All-India, a Central, a Railway, or a Specialist Service under his control", shall be substituted.

(*v*) for rule 13, the following shall be substituted, namely:—

"13. (*a*) The Railway Board, or the Financial Commissioner, Railways, shall, before passing any original orders imposing any of the penalties specified in clauses (*ii*) to (*iv*) of rule 29 of the Railway Services (Classification, Control and Appeal) Rules on an officer of a Railway Service, Class I, consult the Commission.

(*b*) The Governor or Chief Commissioner or the Local Government of any province may, before passing any order of the kind referred to in rule 10 or any order on a memorial submitted in accordance with the Memorial Rules, consult the Commission in regard to the orders to be passed."

IV. In Part IV of the said Rules:—

(*i*) in rule 15 for the words "All-India or Central Service" the words "All-India, Central or Railway Service" shall be substituted.

(*ii*) in rule 17, after the words "Central Service, Class I," the words, "or a Railway Service, Class I" shall be inserted.

V. The Schedules to the said rules shall be omitted.

## DEPARTMENT OF INDUSTRIES AND LABOUR.

### NOTIFICATION.

Simla, the 13th June 1935.

No. L.-1750.—The following draft of certain further amendments to the Indian Boiler Regulations, 1924, which it is proposed to make in exercise of the powers conferred by section 28 of the Indian Boilers Act, 1923 (V of 1923), is published, as required by sub-section (1) of section 31 of the said Act, for the information of all persons likely to be affected thereby, and notice is hereby given that the said draft will be taken in consideration on or after the 16th September 1935. Any objection or suggestion which may be received in respect of the draft before the date specified will be considered by the Governor-General in Council.

*Draft amendments.*

I. In Regulation 7 of the said Regulations for the words "the Standard Conditions" the following shall be substituted, namely:—

"Chapter III of these Regulations."

II. In Regulation 51 of the said Regulations for the first sentence the following sentence shall be substituted, namely:—

"Except as provided for in Regulation 53, where longitudinal seams are welded, the weld shall be entirely covered by a butt strap or straps securely riveted to the shell."

III. Regulation 53 of the said Regulations shall be re-numbered as sub-regulation (1) of Regulation 53 and to the sub-regulation, as so re-numbered, the following sub-regulations shall be added, namely:—

"(2) As an alternative to the tucking of butt strap ends under the shell rings the ends may be terminated at the edge of the shell rings or ends and electrically welded thereto.

(3) When the ends of the butt seams of shell rings are electrically welded for a distance of not less than twice the overlap at the circumferential seams, either or both internal and external butt straps may be terminated either (*a*) at the edge of the adjacent shell ring or end (in which case the butt strap end terminating at the edge of the shell ring or end shall be welded thereto in the manner described above), or (*b*) at the minimum distance from the edge of the adjacent shell ring or end necessary for both circumferential ring or end seam and end of butt strap to be adequately caulked. This distance shall in no case exceed twice the thickness of the shell plate, and when this form of construction is employed the strength of the short welds in the butt seams of the shell rings uncovered by a butt strap or straps may be assumed to be 100 per cent.

(4) Only metal arc welding of the butt seams of shell rings shall be permitted and the joint shall be in accordance with Figure 63 of British Standard Specification No. 499."

IV. In clause (*n*) of Regulation 125 of the said Regulations for the words "The number of coils of spring required for a given compression or the compression due to the load may be ascertained approximately by the following formulae" the following shall be substituted, namely:—

"The number of coils required in a spring to obtain a given compression or the compression due to the load on the spring may be ascertained approximately by the following formulae.

Dacca, the 10th June 1935.

*Admission of Students—Session 1935-36.*

The school reopens after summer vacation on 2nd July 1935.

The Principal will proceed with the selection of candidates for admission into the various classes of the institution one week after the results of the Matriculation Examination of the Calcutta University are published in the *Calcutta Gazette*. Candidates for admission should submit their applications on the prescribed form which must reach the office of the institution (on or before the 21st June next). If the results of the Calcutta University are not out by that date applications will be received within a week of the publication of the results in the Government Gazette.

Prospectus and forms for application may be obtained from the office of the institution by candidates appearing personally or on application with a three-fourth anna stamp. Forms are not sent by post unless the necessary stamp is enclosed with the application.

The selection will ordinarily be made after a personal interview and the selected candidates must pay all dues and enrol themselves by the date specified at the time of selection. Physical fitness and sportsmanship will be taken into consideration in selecting the candidates.

The rates of tuition fees are as follows:—

Sub-overseer classes—Rs. 6 a month.
Overseer classes—Rs. 7 a month.

Fees are in case of first admission payable from June 1935. Besides, an admission fee, which is equal to one month's tuition fee, is charged at the time of admission and students are required to contribute to the following funds as follows:—

School examination fund—Re. 1 (annual).
Games fund—Rs. 3 (annual).
Common room fund—As. 12 (annual).

They are also to deposit caution money at the time of admission—

Caution money for library—Rs. 5.
Caution money for laboratory—Rs. 5.
Caution money for workshop—Rs. 5.

Applications for admission to the hostel, both Hindu and Muslim, of the institution should be made to the Superintendents of the hostels concerned on admission to the institution.

This institution has an up-to-date and well-equipped workshop where there is at present provision for the training of students in the following small scale industries and vocational courses:—

(1) General carpentry work and furniture-making.
(2) Blacksmithy, manufacture of cutlery, oxy-acetylene work.
(3) Foundry and pattern-making, tinsmithy, nickel-plating, spray painting, cushion and hood-making.
(4) Motor car mechanism, repair of lawn-mowers, gramophones, and various other types of machinery.
(5) Turner's work, manufacture of machine parts.
(6) Running of oil engines and dynamos, repairing and charging of automobile batteries, manufacture of torch batteries.

The Overseer and Sub-Overseer students in addition to their normal routine work in the workshops are given opportunity to specialise in any of the above industries and to experiment upon new industries under the guidance of their teachers, so that those students who have predilection for independent business can do so on completion of their course of training in this institution.

**Krishnagar College.**

The 16th May 1935.

(*Session 1935-36.*)

The college re-opens on the 27th June 1935 after the long vacation. Admission will commence immediately after the publication of the results in the *Calcutta Gazette*. The college teaches up to the B.A. and B.Sc. standard of the Calcutta University. It has got affiliation in the usual Arts and Science subjects and in Honours in English, Sanskrit and Mathematics. The monthly tuition fee amounts to Rs. 6 for the I.A., Rs. 7 for the I.Sc. and B.A., and Rs. 8 for the B.Sc. classes.

The college is situated in the midst of an extensive compound of over 100 bighas, containing a large number of playgrounds. There is provision for all out-door and indoor games. The college provides well equipped gymnasium, common room and reading rooms for the use of the students who receive individual attention both in their studies and their games. Arrangements have been made to divide the boys into groups and place them under the effective and intimate guardianship of their teachers. There is a fine new two-storeyed Hindu hostel in the college compound, and hostel charges (including rent, furniture, light and medical attendance) do not exceed Rs. 13 a month. The boarders keep excellent health, and the general health in the town is also quite good. There is also a Muhammadan hostel attached to the college, charges being very moderate.

A considerable number of Government and private free-studentships and stipends is awarded every year in August or September to poor but deserving students of the college. Four stipends of Rs. 10, Rs. 7-12, Rs. 4 and Rs. 3 are also available for boarders of the Hindu hostel in straitened circumstances. Two College Conversion Mohsin stipends are annually awarded to deserving Muhammadan students.

**Calcutta University.**

Senate House, the 15th May 1935.

NOTIFICATION No. 283/O.U.P.

*Admission of private candidates to the Matriculation Examination, 1936.*

**A**

Ordinarily private candidates for the Matriculation Examination, 1936, who are residents of Bengal and Assam and who have not read in any school for one year previous to the date of the examination, should apply to the Divisional Inspector of Schools for permission to appear at the Test Examination to be held, by him or under his orders, for such candidates. Candidates taking up Hygiene as an additional subject will be required to submit to the Divisional Inspector of Schools, along with their applications, certificates of training from a Registered Medical Practitioner or from a recognised teacher in Hygiene.

[If applications from such candidates are addressed direct to the University they must be submitted to the undersigned along with necessary particulars, as specified below, not later than the 10th November 1935, *and must be accompanied by a statement as to why the Divisional Inspector of Schools concerned was not addressed on the subject.*]

Girl candidates are not required to appear at any Test Examination or to obtain previous permission of the University to appear at the Matriculation Examination as private candidates. If they desire to offer Hygiene as one of their subjects for the Matriculation Examination they must submit to the Controller of Examinations along with their Application Forms for admission to the examination, certificates of training in the subject from a Registered Medical Practitioner, or from a recognised teacher in Hygiene.

(*Note.*—Girl students who have attended any recognised school within one year previous to the examination shall not, except with the special permission of the Syndicate, be treated as private candidates.)

Teachers of recognised schools in Bengal and Assam and detenus who intend to appear at the Matriculation Examination of 1936, as private candidates, will not be required to appear at any preliminary test examination. They should apply to the undersigned with particulars, as specified below, for permission to appear at the examination within the date mentioned above.

**B**

(*Migration cases.*)

Male candidates, coming from outside the territorial jurisdiction of this University, will not be permitted to appear at the Matriculation Examination, 1936, as private candidates, unless they can prove to the satisfaction of the authorities of the University that they have resided in Bengal for at least one year previous to the dates of their applications. All such candidates will have to obtain, in the first instance, sanction of this University to their migration, for which purpose they must submit formal applications with necessary fees and documents on or before the 31st of August 1935.

An application for sanction to migration of a candidate should be accompanied by the usual migration fee of Rs. 10 and a migration certificate from the Divisional Inspector of Schools of his Province or a transfer certificate from the school in which he read last, countersigned by the Divisional Inspector of Schools, besides documentary evidence of age, residence and study. If he did not read in any school he should produce certificates of conduct and progress in studies from two teachers of an affiliated college or two Government Officers of Gazetted rank of the Province from which he migrates.

The application together with the migration fee should be submitted through the Head Master of the school in which the candidate read last or an Inspector of Schools of the Province from which he migrates, who will forward his observations along with the application. In the case of a candidate coming from outside India, the application and fee should be submitted through the educational authorities of the district or province from which he migrates.

Bengalee and Assamese candidates will be exempted from fulfilment of the condition relating to residence provided they have not appeared at any Matriculation or High School Examination, conducted outside the territorial jurisdiction of this University.

On their migration being sanctioned, candidates will be required to pass the preliminary test examination to be held by a Government Inspector of Schools in Bengal or Assam or under his orders as specified above. The date, place and other particulars of such test examination should be ascertained from the Inspector of Schools concerned. Candidates taking up Hygiene as an additional subject will be required to submit to the Divisional Inspector of Schools, along with their applications, certificates of training in the subject from a Registered Medical Practitioner or from a recognised teacher in hygiene.

Teachers of recognised High English Schools and detenu candidates will be exempted from passing any preliminary test examination.

**C**

(*Particulars to be furnished.*)

All applications, addressed to the Registrar, should be submitted through responsible persons together with certificates of good conduct and documentary evidence regarding age, residence and study and should contain a statement of the subjects proposed to be offered at the examination. Teacher candidates should submit their applications through the Head of the Institutions in which they are employed.

Candidates for the Matriculation Examination, 1936, must complete the age of fifteen years on 1st March, 1936.

*Detenu candidates, taking up Hygiene as an additional subject, are to submit to the undersigned along with their applications, certificates of training in the subject from a registered medical practitioner or from a recognised teacher in Hygiene. Teachers of recognised High Schools taking up Hygiene will not be required to submit any such certificate.*

*N. B.—Detenu candidates are advised to apply to the authorities of their detention camps for necessary application forms. Other candidates should apply to the undersigned for these forms.*

**Burdwan Division.**

Chinsura, the 8th June 1935.

**Rules for the admission of Private Candidates to the Calcutta University Matriculation Examination, 1936.**

1. Private students are those who have not attended any recognized or unrecognized High English School for at least one year previous to the Matriculation Examination. The term "private students" includes teachers of schools.

2. Private candidates must appear at the Test Examination to be held on Monday, the 9th December 1935, and the following days at any of the Government High Schools in the districts of Hooghly, Howrah, Bankura and Birbhum or at the Bengal-Nagpur Railway Indian High School at Kharagpur.

3. Applications for admission to the Test Examination must be supported by the following particulars:—

(*a*) Leaving certificate (in original) granted to the candidate by the headmaster of the recognised school in which he last read, or an affidavit sworn by the guardian before a competent Court that the candidate has never attended any school.

In the case of a candidate who previously appeared at the Entrance or Matriculation Examination, the Registrar's or Controller's receipt (in original) for the fee paid.

(*b*) A documentary evidence (such as horoscope or an affidavit sworn by the guardian before a competent Court), regarding the age of the candidate who never attended any recognised school. No candidate is eligible who has not completed the age of fifteen years on the first day of the Matriculation Examination.

(*c*) A certificate from a respectable gentleman other than a relative to the effect that the candidate has prosecuted a regular course of study and has been subject to proper discipline, and that he was not attached to any school since the last Matriculation Examination held in March 1935. Detailed information is needed under this head. The person granting the certificate should state his social or professional position.

(*d*) In the case of school masters, a certificate of good conduct from the Secretary of the school in which the candidate is serving.

(*e*) Names of subjects in which the candidate wishes to be examined.

(*f*) Home address in full—Village or name of street, post office, thana and district.

(*g*) Ordinary place of residence (address in full); and duration of residence.

(*h*) Father's name, as well as guardian's name, and address.

4. Each private candidate will have to pay a fee of Rs. 5, which should be remitted to the Inspector of Schools, Burdwan Division, Chinsura, along with his application for admission to the Test Examination by the 16th November 1935, after which date a fine of Rs. 2 will have to be paid for each week's delay. **Under no circumstance will the admission fee be refunded.** No private candidate will be admitted to the Test Examination unless he is accompanied, for the purpose of identification, by some person known to the office of the Inspector of Schools, Burdwan Division, or to the staff of the school where he will appear. **Those who are not bona fide residents of the Burdwan Division will not be admitted to the Test Examination.**

5. **The fee for the Matriculation Examination should NOT be sent to this office.** It should be sent to the Controller of Examinations by the candidate himself, together with his application countersigned by this office.

6. The Matriculation Examination for 1936 will be held on the dates as declared by the University.

**Intermediate and B.A. Examinations.**

1. Subdivisional Inspectors of Schools, Sub-Inspectors of Schools and *bonâ fide* teachers of English schools, who have served as such for the full period of three academical years preceding the examinations, will be admitted to the abovementioned examinations.

2. Candidates for the Intermediate and B. A. Examinations must produce certificates of character and length of service from the Secretaries of their respective schools. Candidates for the B. A. Examination must forward with their applications their F. A. or I. A. certificates, and those for the Intermediate Examination their Entrance or Matriculation certificates. Candidates admitted to a former examination must produce the Registrar's receipt in addition.

3. Under section 19 of the Indian Universities Act, candidates for the Intermediate and B. A. Examinations are informed that their applications for admission to these examinations will not be considered unless they enclose with their applications to this office the sanction of the Senate to appear at the said examination. Candidates, who have applied for or have obtained the special permission of the Senate for the purpose, are required, under section 9, Chapter XV of the Revised Regulations dealing with the registration of University students, to apply at once to the Registrar for the registration of their names as University students. No person will be deemed a "University student" unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University examination other than the Matriculation.

4. The printed form of application should be carefully and correctly filled in and submitted to this office on or before the 20th December 1935 at the latest, together with other papers as mentioned in rules 2 and 3, after which no application will be received.

5. The dates of Intermediate and B. A. Examinations of 1936 may be obtained from the Controller of Examinations, Calcutta University.

## Land Sale Notices.

**Advertisement of Sale.**

NOTICE is hereby given that the undermentioned plots of land no longer required by the Government situated along the East Indian Railway in the district of Burdwan will be settled to the highest bidder of salami at 12 o'clock on Saturday, the 20th July 1935, corresponding to 4th Sravan, 1342 B.S., at the Burdwan Collectorate on the following conditions :—

*1st.*—The settlement of the lots will be made to the bidder offering highest salami which will not be less than ten times the rental of Rs. 42. The settlement will be for fifteen years as a temporarily-settled estate subject to the payment of an annual jama of Rs 42 and cess thereof, which will be subject to revision at the next general revision of the temporarily-settled estate of the district.

*2nd.*—One-fourth of the salami should be paid at once on the date of the bid and the balance must be paid within fifteen days. Failure of which will cancel the settlement and the lots will again be advertised for settlement at the risk of the bidder. The deposit money of one-fourth will be forfeited to Government if the balance is not paid at noon of fifteenth day after the bid day.

*3rd.*—The settlement will become final on receipt by the Collector the orders of the Commissioner confirming it and a regular conveyance will be granted.

| Consecutive lots. C. S. plots. | Name of mauza, district, etc. | On which side of the railway. | Area. | Remarks. |
|---|---|---|---|---|
| C. THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

## DISTRICT REPORTS ON WEATHER AND CROPS.

### For the week ending on the 19th June 1935.

**Summary.**—Excepting light showers in places the rainfall was generally moderate to heavy. It has been favourable for the preparation of lands for Winter Paddy. Sowing of autumn crops is progressing in parts of West and North Bengal; weeding continues in full swing. The standing crops are thriving well. During the week ending Saturday, the 15th June 1935, 5,587 persons attended different relief centres and 838 persons received gratuitous relief in the distressed areas of Murshidabad. In Birbhum and Bankura, 8,638 and 712 persons, respectively, were employed on test relief works on Saturday, the 15th June 1935. 4 persons also received gratuitous relief at Gangajalghati circle in Bankura. The average price of common rice for the province has risen by about 0·01 per cent. as compared with that of the previous week.
